

TARIFF BILL NOT CONSTITUTIONAL

Senator Shively Doubts if It Would Stand Test of Supreme Court.

ANYWAY, WILL BE HIGHEST KNOWN

Indiana's New Senator Delivers Notable Speech in the Senate.

Washington, May 25.—That the maximum and minimum rate provision of the senate bill may prove unconstitutional on the ground that it delegates legislative powers to the executive, and that the tariff bill as amended by the senate may as a result of such a decision prove null and void and the Dingley rates be continued, were some of the assertions made today by Senator Shively, of Indiana, in a speech in the senate on the tariff.

Declaring that the dutiable list was being used as a basis for the tariff discussion in the belief that the rates contained in that section (section one) would be the rates of the Payne bill, Mr. Shively contended that the real rates to be in force after March 31 would be 25 per cent higher than those in the dutiable list. He said that the senate amendment expressly declared that the maximum rates would be "the general tariff of the United States."

Shows It Up.

"The rates prescribed in section 2 are to be the actual and prevailing rates," said Mr. Shively. "The rates prescribed in section 1 are all made conditional and contingent, and could only become operative as rates chargeable against all dutiable imports when the president shall have performed the physically, if not legally, impossible function assigned to him by the provision in section 2." He explained that the proviso makes the judgment of the president final as to what shall constitute undue discrimination and as to what shall constitute terms "reciprocal and equivalent," and requires such mastery of facts as to render the task impossible of intelligent performance within the time of a presidential term.

Maximum Rate Would Prevail.

Should the supreme court hold that the proviso putting in effect the minimum rates by presidential proclamation is an attempted delegation of legislative power to the executive in contravention of the constitution, said Mr. Shively, then the maximum rates would be the only rates to be levied and collected under the law. "Should the court hold that the faint of invalidity on the proviso extends to the preceding lines as being dependent on and inseparable from the proviso, then there would remain in the act no definition of what shall constitute the general tariff of the United States," continued Mr. Shively, and recourse might well be taken to the act of 1897 as the unrepudiated and only existing tariff of the United States.

Should the courts hold the provision's constitutionality, Mr. Shively declared that the maximum rates would remain in effect until the president shall have become satisfied as to a long series of things existing under foreign governments, and by proclamation from time to time make exceptions to the maximum rates and set in operation the minimum rates. "He could not be enjoined to become satisfied, nor mandamus to make proclamation if he were satisfied."

Would Be Highest in History.

Mr. Shively discussed the difficulties which would be met by the president satisfying himself that a foreign country was entitled to the minimum rates.

"The concessions granted in the minimum tariff are to be regarded as framing up obligations against foreign countries which can only be cancelled by what section 2 calls 'treatment which is reciprocal and equivalent,'" said Mr. Shively. He then discussed the complications which he claimed would result from this enactment.

"The proposed act," continued Mr. Shively, "would make the general tariff higher in every schedule and on every dutiable article than in any tariff law in the country's history."

Beveridge Quotes Taft.

Defending his view that the pledges of the republican party were for a revision of the tariff downward, Senator Beveridge today quoted extensively from remarks by Taft at Bath, Maine, prior to his nomination for the presidency. He insisted that the speech was accepted by the people of the country as a declaration on the part of the conservative forces of the party that there would be a revision of duties in order that they might be lowered. Mr. Beveridge said that to place the views of the president correctly before the country he would introduce into the record all of the public statements of the president relating to the tariff.

Mr. Beveridge did not profess to appear as the authorized mouthpiece of the president, but on the contrary was especially careful to say that such was not the case.

Mr. Heyburn inquired whether the senator from Indiana agreed with the declaration of a party that demanded an "immediate revision of the tariff by a general reduction of duties."

Made Campaign on Promise.

"I am presenting facts on which any one can draw an inference," replied Mr. Beveridge. "There was a party that made a campaign upon the declaration of principles that are not being kept here," added the Indiana senator looking over the democratic side in a manner that indicated his disapproval of the course of the minority.

AUTOS IN PLACE OF LOCOMOTIVES

Georgia People Turn Buzz Cars to Practical Use in Rail Strike.

SOME LONG TRIPS MADE IN MACHINES

Suffering in Small Communities for Supplies That are Held Up.

Atlanta, Ga., May 25.—The substitution of automobiles for railroad train service was the development in today's strike of the Georgia railroad firemen. Between fully fifty towns in central and northeast Georgia scores of gaudy automobiles whirled today on schedules which sometimes beat the locomotive, which, with fires out, stood sullen, without a wheel moving the length and breadth of the Georgia railroad system.

The automobile service was mostly town to town runs, but there were many machines running seventy miles, or more than a third of the distance from Atlanta to Augusta, the route of the main line of the railroad. Passenger rates in those automobiles were quite unrequited. Some machines could be had from \$4 to \$6 per hour. One party of four chugged into Atlanta to the tune of \$45 for the party for a fast forty-mile ride, something over 25 cents per mile per head.

Rural P. M.'s Work Hard.

The light of the rural postmasters to deliver their mail became inspiring. Daylight today brought in two rain-soaked, mud-bespattered postmasters from the vicinity of Lithonia, carrying heavy sacks of mail, after an all-night struggle over pitch dark roads in an automobile. A brief stop here and there they went to ride along far into the night with the return mail. The division superintendent, Mr. Tawell, said the Georgia postmasters have been authorized to use automobiles whenever possible, but that they were not authorized to spend any money for automobiles and that they were using commendable ingenuity to obtain machines. An automobile mail service was established out of Augusta as far west as Thompson this afternoon. From Atlanta a handcar loaded with mail sacks was started in the opposite direction. General Manager Scott, of the Georgia railroad, after a conference with the directors here today said that he had no statement to make and that he did not know whether Governor Smith's proposal for an arbitration commission of six would be accepted. From nowhere there was an intimation of violence. Everyone connected with the strike awaited eagerly the coming of Commissioner Neill from Washington.

People With White Firemen.

With the delivery of some necessities of life stopped in several small towns, the firemen's strike over the seniority of white men over negroes is in dispute, entered its ninth day. The complete tie-up of the railroad has one very unusual aspect. It is not due to any serious acts of violence, but the uncompromising ultimatum from several communities through which the railroad passes that trains will not be allowed to pass carrying negro or strike-breaking firemen. So stern has been the announcement of such intentions that the possible outcome of attempting to force trains to run is a serious problem.

Evansville Nears Time When All May Walk

Street Car Strike Will Come Tomorrow If Company Stands Pat.

Evansville, Ind., May 25.—The conference held last night to try to settle differences between the street car men and the Evansville and Southern Indiana Traction company accomplished nothing. The meeting was held behind closed doors and lasted for about two hours.

President H. B. Smith, of Hartford City, Ind.; Vice President H. W. Marshall, of Lafayette, and General Manager Fletcher M. Durbin, representing the company were present.

J. R. Ferguson, president, and Varney Dixon, secretary, represented the Evansville Business association. Ike Hornbrook and four other members of the executive committee of the Central Labor union were present, they having been delegated power to call a strike at any time by the car men in their meeting here last Sunday morning.

It was stated at the conference that the men were willing to waive their demand for increase in wages if the company would agree to recognize the union. Officials of the company said they could not consent to recognize the union but would treat union and non-union men in their employ alike. The question ended there and the conference broke up without resulting in anything tangible.

The car men will hold a meeting tonight and unless they consent to have the trouble submitted to arbitration they will vote on a strike as the president agreed with the company expires tomorrow.

When the Princess Was Born to the Throne of Holland

DUTCH OFFICERS CHEERING THE NEWS.

DANCING AROUND STATUE OF WILLIAM THE SILENT.

MONROE COUNTY IS HAVING OPTION VOTE TODAY

University Boys Urged to Uphold Temperance—Unusual Fight.

Bloomington, Ind., May 25.—Whether the saloon shall be allowed to resume business in Monroe county is being decided today at the polls. The county has been clear of saloons, by remonstrance, for some time, but the saloon and brewery interests have made a hard fight to carry the county. The temperance people have also made a vigorous campaign. There is special interest in the election today throughout the county on account of Monroe county being the seat of Indiana university. The students held a mass meeting yesterday afternoon, perfected an organization and will throw their support to the "dry." President Dryden urged the young men to take a stand against the saloon. A union prayer service was held from 6 a. m. to 6 p. m. at the Christian church by all the church people.

Unquestionably the normal "dry" vote in this county is at least 1,500, but there has been a dissatisfaction in the country districts which started with the building of the new \$200,000 court house and has come down to the hitch rack question which will affect the "dry" vote. Out of this peculiar condition the city is expected to go "dry" and the country "wet." The "wets" also expect to make heavy gains among the stone quarry laborers, there being several hundred in the south part of the county.

Several drunk men have been seen on the streets in the last two days, and the temperance workers allege that the "wets" are giving out free liquor so as to disgust the voters with conditions and influence them to vote for licensed saloons.

This city has been "dry" by remonstrance for the last four years, and if the county goes "wet" today it will be the first "dry" county to vote "wet," as the other seven that have voted "wet" had saloons. There were formerly thirty saloons here. There are 6,000 voters in the county and twenty-eight voting precincts. The "dry" figure that from 20 to 30 per cent of the vote will not be polled.

The campaign closed last night with speeches on the public square for the "drys" and a speech by Mayor David E. Rose, of Milwaukee, for the "wets."

VOTING IN MADISON TOMORROW.

Anderson, Ind., May 25.—The most important contest between the friends and the enemies of the licensed saloon thus far in Madison county option elections is in progress in this (Madison) county and is to be decided by an election to be held tomorrow. The "dry" organization insists that the rural vote will be sufficient to swing the county against the saloon. The "wets" assert that because the county has three of the larger cities of the state, Anderson, Elwood and Alexandria, and the business interests are conspicuously assisting the licensed saloon forces in the campaign, tomorrow's balloting will result in a "wet" victory.

CLAIM THEY ARE WITHIN LAW.

Marion, Ind., May 25.—Declaring their intention of forcing the courts to decide the question of whether the local option law was passed thirteen Marion saloon keepers whose licenses were issued after September 26, 1908, failed to surrender them to the county auditor during the ninety days, which have elapsed since the local option election made Grant county "dry" territory and opened their places of business as usual today. They take the ground that the local option law was not passed until it was published and it provides that licenses issued prior to its passage shall not be affected thereby.

Prosecutor Williams has announced that he interprets the law to mean that the passage of the act was completed when the governor's signature was attached and declares he will prosecute the holders of the contested licenses for selling without a license if they attempt to retail liquor after today.

FOR COUNCILMANIC PLACES.

Candidates From Ninth and Tenth File Official Notice.

Two additional democratic candidates for places in the city council have filed their official notices of candidacy with the board of city election commissioners. They are Herman Strodel from the Ninth ward and Henry Felger in the Tenth ward. No republican aspirants for the councilmanic places have yet declared their intentions officially.

PROCLAIMING THE PRINCESS' BIRTH.

WAR VETERAN WITH GRANDCHILDREN DIES IN FIRE

Man of 75 and Three Young Children Perish in Their Home.

Ottumwa, Iowa, May 25.—John Carter, an old soldier, aged 75, and the three children of his daughter, Mrs. Lela Shaw, were burned to death in a fire which destroyed the Shaw home at Eldon, twelve miles east of here early today. Mrs. Shaw is employed during the night at a restaurant and left the children with their grandfather. The fire was caused by the overturning of a lighted lamp during a storm.

FIVE BURNED FATALLY.

Central City, Ky., May 25.—Five children were fatally burned during commencement exercises in a private school here last night.

PREACHER IS HELD HER COMMON LAW HUSBAND

Court Declares Rev. Davidson Did Wed Bunn Clark in St. Louis.

Washington, Ind., May 25.—In an oral opinion rendered this morning by Judge Houghton in the circuit court, Rev. E. Davidson, the missing minister of the First Christian church, was declared the lawful husband of Laura Bunn Clark, daughter of ex-Mayor Hale Clark. The decision legalizes the common law marriage alleged to have been performed in the Metropolitan hotel at St. Louis. In her complaint the plaintiff also asked that the minister be restrained from denying her as his wife and that he be compelled to contribute to her support, but the court made no ruling on either of these demands.

The last heard from Davidson was from Toronto, Canada. But it is believed he has left that place.

In spite of the court's ruling many members of the absent pastor's congregation believe in his innocence and assert he is the victim of a baseless persecution. Mrs. Davidson is about thirty years of age. She has been a cripple nearly all her life.

TO MAKE READY FOR TRIP.

To make ready for the trip to Louisville on June 7th where they will attend the Shriners' Imperial council, the members of the Mizpah Temple contemplating attendance at the council will meet at the Masonic temple on Monday evening, May 31st. Other members will also be present as matters pertaining to the entire lodge are to be taken up.

C. H. Worden was at Warsaw today on a business trip.

WHEAT HARVEST IS STARTED IN TEXAS

Expert Declares Yield is Going to Be but Half of Estimate.

PATTEN'S STAND IS NEAR CRUCIAL TEST

Bull King Declared July Marketing Would be Old Wheat.

Chicago, May 25.—Private advices received here today stated that harvesting of wheat had begun in three counties of Texas and that the yield would be 14 to 15 bushels to the acre on an average. H. E. Ryecroft, a Chicago expert, however, declared that this estimate was fifty per cent too high, as the prolonged drought in the Lone Star state precluded such a yield.

The announcement did not affect prices in Chicago materially as May wheat on the board of trade early sold at a new high price, \$1.35 1/2. The first harvesting of wheat each year begins in Texas at about this season, and is of importance chiefly as making the beginning of the general harvest, sweeping in a gradually broadening path north with the advance of the season through the great winter belt.

Harvest Will Work North.

From now on the hum of harvesting machinery will gradually swell week by week into the great midsummer chorus of the Ohio and Missouri valleys. The winter sown crop gathered to the granaries, the spring wheat of the immensely productive northern states follows until the last sheaf has been gathered from the broad acres of Manitoba in the latter part of August. This forest of grain when harvested will leave a great road of stubble approximately of 45,000,000 acres.

The last completed statistics made the yield 634,087,000 bushels in the United States in 1907. A similar yield this year would net roughly about that number of dollars. However, in many quarters it is asserted that this year's harvest will be under 600,000,000 bushels.

World's Harvesting Calendar.

It is of interest to note from the news coming from Texas that the course of the world's harvesting calendar strikes this country in mid-year. The world's harvest begins in January in the latitude of Australia, New Zealand, Chile and the Argentine, sweeps through Egypt, India, Mexico, Cuba and Asia Minor, until in May it takes in Texas, Central Asia, Japan and China. Thus it works its way through the world's fertile spots until in December it finds itself back near the beginning point in Burma and New South Wales.

Even though the Texas returns never equal in importance those of the purely wheat states, and may be far under normal this year, the fact that harvesting has begun as usual bears on the great point at issue between the bulls and bears of the Chicago wheat pit.

The Great Issue.

Will July be an old or a new crop month?

"In July Chicago will be buying the wheat of the previous year" is a statement made by James A. Patten at the height of his full campaign in May wheat.

On this point Secretary of Agriculture Wilson took issue with the big speculator, and both finally left the controversy for "time to tell."

The news from Texas therefore, is the first word of what the umpire "Time" has to say on the subject.

TAKEN FROM HOSPITAL TO JAIL.

Lima's Negro Lawyer is in Danger of Lynching.

Lima, Ohio, May 25.—Heavily guarded against possible attack by infuriated citizens John W. Beam, the negro attorney and real estate dealer, who murdered Mrs. Maude Diltz, was given a preliminary hearing before the mayor today.

Beam waived examination and was bound over to the grand jury. At the county jail Beam said that the only motive for his crime was love for the white widow and his jealousy.

REORGANIZE BOOTH COMPANY.

Stockholders of Fish Concern Form New \$7,000,000 Corporation.

Chicago, Ill., May 25.—The Booth Fisheries company, a \$7,000,000 corporation founded on the ruins of A. Booth & Co. yesterday elected Frank C. Letts president. The branch offices, which were closed at the time of the Booth failure, will, it is said, be reopened tomorrow.

The reorganized company, it is said, is to be a fine of \$1,000 imposed on the old company for renegeing. The company was found guilty two years ago of accepting rebates from the Nickel Plate and Lehigh Valley railways, but sentence was not imposed until yesterday.

Mrs. Frensh Shingle, whose home is in Sheldon but who has a wide circle of acquaintances in this city, is convalescing at her home from a severe illness.

THE WEATHER.

Chicago, May 25.—Forecast for Illinois: Threatening tonight and Wednesday, with showers; cooler in extreme south portion.

Indiana—Showers tonight and Wednesday.

Lower Michigan—Threatening, with rain Wednesday and probably late tonight; brisk to high northeast winds.

Ohio—Showers tonight and Wednesday.

POLICE GET HOT SHOT IN PUBLIC

Mayor Flays Department and Says It is Incompetent.

ANKENBRUCK HAD PLENTY OF TIME

Board and Mayor Had Instructed Him on the Gambling.

Seemingly unmindful of the fact that he has within his power the entire reconstruction of the police department, Mayor W. J. Hosey this morning gave its members a flaying in the board of public works office and stated unequivocally that he has never in any way consented to the running of gambling establishments in the city of Fort Wayne as has been charged against him, or has intimated that there was no reason to molest the games.

He added that Chief Martin H. Ankenbruck had been repeatedly called to account by the board of public safety for the existence of gambling and cited a peculiar incident in support of his assertion.

"Why one night last winter," he said, "I was at a meeting of the board and the chief came in complaining that the newspapers were charging that gambling was being permitted and he said he had a notion to take some of the reporters out with him some night to these places that were under suspicion and let them see for themselves that nothing was going on."

Was Tipped Off.

"While we were talking about the matter Member Calvin K. Rienen, of the board, was called to the telephone by a relative who told him that the tip had gone 'round that there was to be a raid and that the gamblers were clearing everybody out of their places. Now it looks to me that somebody was giving out information about what the police were doing as this report came to us while we were talking things over."

"Now it is impossible to stop gambling, because there are a few men here as well as in other towns who will have their games but they are able to lose their money and don't need any police protection, but there is absolutely no reason for any police force on earth to allow it to be carried on as a business."

"On July 10th long ago the saloonkeepers themselves came to me and agreed to close up at certain hours and they called me into one of their meetings and asked me the best way to stop all this talk and while I did not make any promises to them I gave them my advice and they agreed to accept it."

Made Them Close.

"Now, since then the police have gone into places down town and warned the proprietors that they were exceeding the limit of time and have made them hustle these customers right out and close up. These very same policemen have walked right up to the corner of Calhoun and Wayne streets and watched crowds go into the Kleinfeldt saloon and have never made any inquiry and this applies to the whole night force."

"There has never been a town where gambling has been carried on that there has not been some hint that somebody was being paid to allow it to go on and it seems strange that if the police department wanted to relieve itself of this that this gambling was not discovered until I went out and got it myself."

"Anybody can get a policeman to do private business. If anybody has a forged check passed on him, or has a ball game or a dance or anything of that kind he can always get a police officer to attend to his business for him and I think there is too much of this private interest serving instead of doing what is required by the city. There ought to be a law to make a bigger incidental fund and to require that all policemen employed by private citizens shall be employed through the department and the money thus derived shall go to the department and not to the individuals. There's too much of this thing of doing duty for outsiders and incidentally getting money from the city."

Many Duties Overlooked.

"The city has dozens of ordinances against blockading the sidewalks and dumping things into the gutter yet I have seen policemen stand and see these laws violated and never as much as make a report about it. The other night I took a car and rode out to the end of Broadway and as I went out I noticed three street lights that were not burning. I came back and they were still out and two or three hours afterward I found out there was no report and at the same time there was a trouble man snoozing in the basement waiting to be called out on this kind of work."

"The policemen have plenty to do for the city and yet they stand on the corners and neglect this every day, but you can always get one for private duty where there is a dollar in it."

The mayor said he had taken no action in regard to this neglect of duty and had not asked for a resignation from any of the men or officers. He did not say either that he would take any steps to correct the evils he complained of.

WILL BUILD BATTLE MONUMENT.

Springfield, Ill., May 25.—In the senate today Senator Hearn made a speech advocating the appropriation of \$20,000 for a monument at the battleground of Kenesaw Mountain in commemoration of the charge of the Third Brigade, Second division Fourteenth army corps, Army of the Cumberland. The bill was passed.

MISS TAFT CHOSEN TO UNVEIL THE MONUMENT

Shaft to the Regular Army to be Dedicated at Gettysburg Monday.

Gettysburg, Pa., May 25.—Arrangements have been completed for the dedication on the battlefield here next Monday afternoon of the monument erected by act of congress to commemorate the services of the regular army of the United States in the Gettysburg campaign of June and July, 1863. President Taft will be the central figure in the ceremonies and will deliver the oration. Miss Helen H. Taft, the president's daughter, will unveil the monument. The president will arrive here Monday morning from Pittsburgh and will be met by a committee of prominent citizens of the historic town and will be escorted by United States regulars.

Secretary of War Dickinson will deliver an address and transfer the monument to the Gettysburg National Park commission. The memorial will be accepted by Lieut. Col. John P. Nicholson, chairman of the commission. Following the placing of laurel wreaths at the base of the monument by the oldest regimental or battery commander in the Gettysburg campaign attending the dedication, President Taft will review the troops on the field.

The monument is a beautiful shaft eighty-five feet high, surrounded at the base by a broad granite terrace. It stands a short distance south of the "high water mark" of the battle of Gettysburg. The monument represents all of the forty-two cavalry, artillery, infantry and engineer organizations of the regular army that participated in the campaign. In addition there has been erected a small monument seven feet high for each of the commands at the location it occupied during the battle. The big central monument and the forty-two smaller memorials are all appropriately inscribed.

MARRIAGE LICENSE.

Harry C. Smith, 34, bookkeeper, and Charlotte K. Stier, 27.

Mrs. Emma Shober, of West Third street, is a patient at Hope hospital, suffering from uraemic poisoning, and while her condition was regarded as almost hopeless for several days, the patient is today showing marked improvement, and it is believed she will recover. Mrs. Shober is the widow of O. L. Shober, whose death occurred a few months ago.

A FEDERAL LAW TO CURB COCAINE CURSE

Congress Urged to Protect American Homes by High Tariff on Drug.

New York, May 25.—Calling upon congress for a form of tariff protection that will guard all American homes from the ravages of the cocaine habit, thousands of medical men, philanthropic workers and the principal drug houses in this city are today supporting the recommendation of the American Health league for federal control of the deadly drug. Only by placing a prohibitory duty upon the foreign cocaine with which the illegal distributors are now supplied in defiance of all state laws can the growth of drug dives throughout the country be checked, the leaders of the movement declare. From every section of the land reports have been received today showing that the people are ready to demand of their representatives in Washington this relief from the vice and crime that is spreading unchecked with the free supply of cocaine from abroad.

Only fifty per cent of all the cocaine consumed in the United States last year was devoted to legitimate uses, experts are prepared to show congress, while the other half of the total sales of this drug was covertly supplied to the dens of the "dope fiend" which are rapidly increasing. While the American manufacturers and wholesalers are refusing to pander to the increasing demands of the illicit cocaine distributors and can be held accountable by state and local authorities for their sales, absolutely no hold can be taken on the underground supply of the drug from abroad, it is shown. Coca leaves from which the drug victims may extract a form of cocaine with which to meet their cravings are now free of duty and easily available, it is also pointed out.

Backed by philanthropic organizations and individuals throughout the country, the leaders of this movement have already presented to the finance committee of the senate at Washington the people's claims for protection against the inroads of the cocaine curse. A prohibitory tariff of \$1.50 an ounce on the foreign supply of the drug is being urged as well as a duty of five cents a pound on the coca leaves, which will give Uncle Sam a hold upon their distribution. It is a revenue tax upon this drug and to require its manufacturers to be bonded and licensed by the government. The placing of a special revenue stamp on every package of cocaine, with the record required to be kept of its quantity and purchaser, the authorities declare, will result in the speedy restriction of the illegal traffic in the drug.

That the senate leaders have up to this time refused to consider their claims, on the ground that they were "not concerned with the nation's morals" was asserted today by leaders of this crusade against the cocaine evil. When the people of every part of the country are alive to this chance to check the spreading drug plague, however, every one of their representatives at Washington will be urged to its immediate consideration, it is believed.

PENNSYLVANIA MINE AFIRE.

Four Hundred Men Get Safely to the Surface.

Pittsburg, Pa., May 25.—A serious fire started early today in mine No. 3 of the Penn Gas Coal company, a few miles south of Irwin, Pa., near here. Over 400 miners were at work. All reached the surface in safety.

The fire started in a rear entry and is making rapid headway. It will have to be walled in and the loss, it is believed, will be heavy. The origin of the fire is not known.

John Hiron, sr., who has been spending the winter in Oklahoma City, Indian Territory, arrived here this afternoon to spend ten days or so with his son, John Hiron, of the Fort Wayne and Wabash Valley Traction company.

THE DEATHS.

MILLER.

Albert Miller, formerly a resident of Fort Wayne, died Sunday evening at his home in Chicago at the age of 51 years.

Funeral services Wednesday morning from St. Aloysius Catholic church at Sheldon.

FUNERAL NOTICES.

Moore.—Funeral services of Thomas J. Moore will be held Wednesday afternoon at 3 o'clock from the residence, 3816 Hoagland avenue; interment at Lindenwood.

ADDITIONAL MARKETS.

THE MONEY MARKET.

New York, May 25.—Close: Prime mercantile paper, 2 1/4% per cent. Sterling exchange steady, with actual business in bankers' bills at 48.25@48.50 for sixty day bills, and at 48.75 for demand.

Commercial bills—185 1/2@186 1/2. Bar silver, 52 1/2; Mexican dollars, 44c. Government bonds, steady; railroad bonds, irregular.

Money on call, easy, at 1 1/2@1 3/4; ruling rate, 1 1/2%; closing bid, 1 1/4%. Time loans, steady and dull; sixty days and ninety days, 2 1/4@2 1/2; six months, 2 3/4@3 1/4.

Cincinnati Market.

Cincinnati, O., May 25.—Flour—Market firm.

Wheat—Market steady, at \$1.55@1.57.

Corn—Market firm, at 77@77 1/2c.

Oats—Market firm, at 62 1/2@63c.

Rye—Market firm, at 81@82c.

Provisions—Market steady.

Whisky distillers' finished goods, steady on basis of \$1.25.

Butter—Market firmer creamery, 24 1/2@25 1/4c; creamery firsts, 25 1/2@26c; lady, 18c.

Eggs—Market steady, at 17 1/2@22c.

Poultry—Market steady and unchanged.

ALL TOUCH ON SOME PHASE OF CIVIC LIFE

Revival's Executive Committee Makes Choice of Talks for Zuehl.

From a list of subjects submitted by Prof. Charles Zuehl, the executive committee in charge of the "Civic Revival" on Monday chose those topics upon which they desire that eminent educationist to speak during the five days in which he will be in Fort Wayne, from June 2nd through June 6th. All the subjects upon which Prof. Zuehl's sentences will be based deal with some phase or other in civic life and while each talk will make its individual impression, as a whole they will make a grand and connected idea of what Fort Wayne might be should the effort be made.

The committee has also changed the hour of beginning for the afternoon lectures to 2:30 o'clock. The evening talks will begin at 8:15 o'clock. These latter will be illustrated with views obtained by Prof. Zuehl in his travels and they in themselves are most interesting. All the lectures are to take place in the Majestic theater. The various chairmen for the meetings will be announced later.

Prof. Zuehl's topic for his talks here follow:

Wednesday.

Afternoon—"Civic Spirit."

Evening—"Harrisburg, the Typical Small City."

Thursday.

Afternoon—"Training of a Citizen."

Evening—"Parks and Playgrounds."

Friday.

Afternoon—"Making of a City."

Evening—"The Life of a Citizen."

Saturday.

Afternoon—"The Healthy City."

Evening—"Improvement of the Nation's Capital."

Sunday.

Afternoon—"Art and Life."

Evening—"Fellowship of the Common Life."

WRIGHTS TO FIGHT FOR AEROPLANE PRINCIPLE

All Infringements of Patents Will be Vigorously Prosecuted.

New York, May 25.—There is trouble coming for all aeroplane builders in this country who shall attempt to put their machines on the market. The Wright brothers claim the basic patents on all machines of the bi-plane pattern having the "aero curves" in the main sustaining planes, and practically all of the flying machines in America which have thus far flown or have given promise of flying are of this general design.

It is likely that the first skirmish will occur between the Wrights and the recently formed Herring-Curtis Aeroplane company of Hammondsport, N. Y.

Await Sale to Begin Suit.

Mr. Curtis recently received an order from the Aeronautic society of this city to build an aeroplane for its members, and upon the arrival of the Wrights from Europe soon afterward they notified their lawyer to institute proceedings in an infringement suit as soon as the sale became an assured fact.

This will be the first aeroplane built for sale in America outside of orders received by the Wrights, and therefore it will be the first opportunity the Wrights have had to test the validity of their claims. Hundreds of aeroplanes have been built, the greater number of them on lines similar to the Wright machine, but the Wrights made no move in the direction of establishing their patent rights until the sale was announced.

Wright's Move No Surprise.

The announcement that the Wrights were planning to enforce their claims was no surprise to Mr. Curtis. He said the litigation would be a friendly test suit and the sooner the question of the patents is settled the better it would be for all concerned.

A. M. Herring has for a long time insisted that he and not the Wrights was the rightful owner of the basic patents on the aeroplane, asserting that he discovered the secret of the curved plane and other features, and obtained patents long before the Wright brothers ever built a glider.

MAKING FINE PROGRESS.

Officials Arrive at Understanding With Pennsylvania Company.

At the conclusion of the conference on track elevation with the officials of the Pennsylvania company yesterday afternoon Mayor Hoesy and his cabinet were highly pleased with the progress made and announced that they believe the actual work will be taken up in sixty days. There remains the notice of ten days and the confirmation by the board of works and the city council.

The Pennsylvania company agreed to sell for about \$5,000 enough ground on each side of the tracks at Calhoun street and Broadway to make the subway wide enough and there was an agreement to make the Broadway depression a little more than eight feet. Nothing has been said to the Wabash officials about the ground for widening the subways under their tracks and this is yet to be settled.

E. B. McIntosh spent Sunday at Hazelwood, Ind., visiting an uncle, John McIntosh, who has been confined to his home by sickness for the past three months. Mr. John McIntosh was a member of the Eleventh Indiana battery.

WOMAN TAKES HALF AND SETTLES SUIT

Compromise Made in the Shondell-Frank Slender Case.

In the circuit court Hattie Shondell remitted half of her judgment against Mendal Frank and accepted \$150 in settlement of her claim, which she recovered in a damage suit about ten days ago. Frank is alleged to have called her a thief in the presence of customers in his grocery because she felt behind in her payments on a bill.

She entered suit in the circuit court for \$2,000 damages and the case was heard by a jury that deliberated for several hours and finally reached a compromise verdict. Rather than have the matter appealed and to incur the additional costs the case was settled.

Notes of the Courts.

County Auditor George W. Lindemuth is experiencing some trouble in getting his school fund mortgages into line with the new law and since he has begun taking renewals he finds that in many instances the original borrowers have died and it is necessary to go into court and have administrators appointed so the matter can be legally adjusted. In some cases mortgage land has fallen into the hands of minor heirs and when instances of this kind are found guardians are appointed.

Abbie Sechler has sued Milo H. Sechler for a divorce and alleges that he abandoned her four years ago and has not since contributed to her support. They were married in 1890. Barrett & Morris are her attorneys.

Judge Henton has granted George Segelstrom a divorce from Rosa Segelstrom. The wife is serving a jail sentence.

The controversy over the additional land for the building of the school house in district No. 5, of Wayne township, has been adjusted by the payment to the Buschman heirs of \$100.

BEGIN FOR RELIGIOUS LIBERTY.

Russian Duma Takes Up First of Series of Laws.

St. Petersburg, May 25.—The duma today began the discussion of a law legalizing the sect of Old Believers. This is the first of a series of important measures designed to put into effect the principles of religious liberty enunciated in the emperor's manifesto of May 12, 1905. The sect of the Old Believers, which in various forms embraces fifteen million worshippers, is the largest dissident body in Russia.

It separated from the parent orthodox church during the period of religious reforms under Peter, the Great. The bill, which was first enacted as an emergency measure, after the dissolution of the second duma, grants the Old Believers the free practices of their religion, together with certain special rights, but it denies them the privilege of proselytizing among the members of the orthodox church, of preaching in public, or of using the title of priest for their clergymen. The bill was subjected to a two-sided attack. A representation of the holy synod denied entirely the right of parliament to legislate in matters affecting the orthodox church, while the liberals proposed amendments removing the above restrictions.

The measure probably will be passed in the form in which it is reported to the duma.

WORK OF THE ASSEMBLY.

Denver, Col., May 25.—The report of the standing committee on home missions engaged the attention of the General Assembly of the Presbyterian church when the session opened at 9 o'clock.

This report, together with that of the standing committee on colleges and another of the standing committees on synodical missions, is expected to take up the time of the assembly for the day.

Inasmuch as the committee on home missions has been engrossed with the study of recommendations made by the special committee on administrative agencies, it is possible that the report of the first named committee may not receive full discussion today but may be laid over for the time.

The reports of several other committees have been made special order for today and all of these special orders will keep the assembly busy inasmuch as several divisions have expressed their intention to speak at length on contested recommendations.

The woman's board of home missions resumed its sessions this morning and elected officers.

James W. Barnett, who has been for the past year engaged in business as an orange grower at Ontario, Cal., is in the city on a visit to old friends. Mrs. Barnett will join him here in a few days, and they will spend some weeks in the city.

Baron Goto, minister of communications, is investigating the advisability of transporting mail by automobiles in the principal cities of Japan, and also possibly to distant points where railway traffic is not yet opened.

KINDLY.

He—Yes, indeed, I'm a self-made man.

She—How you must suffer from remorse!

LAMBS GIVE GAMBOL FOR THE PUBLIC AMUSEMENT

Incidentally \$35,000 Comes to Fund—Actors on a Fun Rampage.

New York, May 25.—When Victor Herbert and his symphony orchestra band swung into Broadway last night to lead the Lambs' all star minstrel parade down to the Metropolitan Opera house, where the Lambs' all star gambol was to do its initial gamboling, the united press agents agreed that at least 200,000 people blocked the sidewalk and overflowed into the street to make work for the 200 mounted police, who also starred their humble way.

The proudest tenor that ever broke records for high notes and salaries never crowded the Metropolitan as it was crowded when the curtain went up on an old-time minstrel performance with Lamb De Wolf Hopper as inter-locutor.

Including the standees who clustered about the corridors, it was estimated that there were 4,000 people in the house. The applause sounded like a combination of a base ball game and a political convention. It continued as Lamb Hopper introduced Lambs Charles Evans, Ignace Martinelli, Raymond Hitchcock and Maclyn Arbuckle in the characters of "honors," and Lambs Andrew Mack, Edward Harrigan, Eddie Foy and Nat M. Willis as "lambsourines."

Triple Sextet a Feature.

The minstrel included a triple sextet made up of Lambs George Hamlin, George L. Moore, Donald Bryan, John McCloskey, Scott Welsh, Neal McCay, Charles Hopper, Richie Ling, Ripley Holmes, William Stuart, Walter Lawrence, Melville Stewart, J. B. Park, John Peachy, Frank Belcher, Eugene Cowles, DeWolf Hopper and Joseph Miron.

After the minstrel show there was a musical interlude by Victor Herbert's orchestra. Then came the trial scene of "Julius Caesar," by DeWolf Hopper and James O'Neill as Marc Antony and Brutus. It is enough to say that Shakespeare never was so presented before. The "mob" had among its howling members David Belasco, Henry M. Blossom, A. L. Erlanger, Lew Fields, George Broadhurst, well, the press agent declared that the combined salaries of the mob would be over \$50,000 in a one night stand.

Pool Game and Matinee Girls.

Lambs Weber and Fields revived "A Game of Pool," and then came "After the Matinee," with all sorts of Lambs gamboling in matinee girl attire. The performance closed with George Hobbart's sketch "Tuesday," in which every well known manager and author in the country was burlesqued. As a climax David Belasco dropped from the clouds to the accompaniment of the thunder of big guns to furnish "atmosphere."

It is estimated that the receipts reached \$35,000.

Today the Lambs gave a matinee at Hartford and a night performance in Boston. On Wednesday they play in Brooklyn in the afternoon and in Philadelphia at night. Thursday they will be seen in Washington and Baltimore, Friday in Cleveland and Pittsburgh and Saturday in two performances in Chicago. They then will return to New York for a possible performance next Monday night for the actors' fund benefit.

GOVERNOR COULDN'T GET IN.

Mr. Marshall Fails to Speak to Brothers Masons.

Indianapolis, May 25.—So great was the crowd that assembled at the new Masonic Temple last evening for the closing exercises of dedication day that Governor Thomas R. Marshall, who was on the program for a response to Frank E. Gavin's address of welcome, was unable to get into the auditorium and consequently did not speak.

The governor arrived at the temple a few minutes after the services had begun. Unable to force his way through the crowd, the governor retired to a neighboring drug store and telephoned his plight to the committee having the dedication in charge. Elmer F. Gay, one of the directors, was sent to the drug store to find the governor and conduct him to the stage. Mr. Gay was delayed, and when he reached the drug store he found the governor had grown tired of waiting and had gone. A telephone message later located Governor Marshall at his home.

ATTEMPT WRECK NEW BRIDGE.

Terrific Dynamite Explosion Gives Cincinnati Folks Scare.

Cincinnati, Ohio, May 25.—Residents in the vicinity of Freeman avenue and Front street were thrown into a panic last night by the explosion of a heavy charge of dynamite between two of the 70-foot fifty-ton iron girders being used in the approach to the new freight depot of the Cincinnati Southern railroad at the foot of Vine street. Houses for two blocks were shaken by the explosion. Window glass was shattered and persons rocked out of bed. The explosion wrecked the girders. The iron work on the viaduct is being done by an eastern firm who employ non-union men, and it is believed that union iron workers set off the dynamite.

Shortly before the explosion several persons were seen hurrying away from the scene, but no arrests have been made.

CITY BREVITIES.

Mrs. Louisa Miller, of 426 Wallace street, who fell and fractured her left arm while walking in the garden at the premises a week ago, is getting along finely and the injured arm will soon be well.

John Never, a prominent Huntington shoe merchant, is a patient at St. Joseph's hospital, where he submitted to a critical surgical operation today. The patient passed through the ordeal in encouraging condition.

Attorney T. A. Redmund, of Kendallville, visited with business friends here during the day.

TEAM TO DEFEND THE LOCAL GOLF CLUB IS CHOSEN

Practice Playing for Meet With the Richmond Club on Decoration Day.

The final qualifying rounds for places on the regular team to defend the local Kiekona Golf club's rights during the coming season have been played and the twelve members are as follows:

J. W. Thompson, Will F. Peters, C. H. Pidgeon, George Waldschmidt, Harry A. Perfect, Oliver F. Evans, S. A. Trentman, T. L. Staples, Dr. K. K. Wheelock, S. D. Hanna, William Ralston and A. S. Bond.

Positions on the team must be defended during the season by the holders as the rivalry among the various contestants is intense. The team will make several trips during the summer besides meeting some of the best players in the state on the local links during the next few months. The Richmond County club is expected here on Decoration day and practice playing for that occasion is now going on.

TARIFF BILL NOT CONSTITUTIONAL

[Continued From Page One.]

Again referring to his attitude in favoring lower duties, Mr. Beveridge declared that when a senator wishes to reduce a tariff to represent the difference of cost here and abroad it is "not to be said by anyone that he is not a protectionist."

In an impassioned burst the Indiana senator declared that the worst enemies of a protective policy were those who resist any reduction of the duties to meet changed conditions.

"It has been said that there is free trade on this side," said the Indiana senator, who contradicted the accusation with emphasis. "No, not a single microbe of it!" he almost shouted. "No free trade here, but will anybody deny that there is protection over there?" pointing in a dramatic manner towards the democratic side of the chamber.

He predicted that the protective tariff would make many southern states republican.

Rayner's Speech.

Characterizing the tariff policy of the republican party as a "citadel of protection" and declaring that "never in his experience was a citadel in such a state of turmoil and commotion," Senator Rayner, of Maryland, today made a speech abounding with humorous references to many senators who have taken a prominent part in discussing the pending bill.

"The other day," said Senator Rayner, "the senator from Rhode Island (Mr. Aldrich) when a great speech had been delivered attacking the rates of duty in the woolen and cotton schedules, remarked that to change those schedules would destroy the very citadel of protection. Never in my experience was a citadel in such a state of tumult and commotion."

The speaker declared that the other day when Senator Bristow, of Kansas, was "hammering the lead schedule, it seemed to disturb the tranquility of the senior senator from Massachusetts," whereupon Senator Gallinger, "the surgeon of the post, always ready with his nostrums, administered a stimulant to the senator from Massachusetts."

According to Senator Rayner the nerves of Senator Aldrich were badly distracted on another occasion "when that sturdy old revolver from Minnesota, (Mr. Nelson), who has admitted that the blood of Scandinavian pirates is in his veins, commenced to scuttle the citadel, if I may use that word in connection with a citadel, by driving with his sledgehammer blows large holes in the bottom of the structure. When the muster was called, however, and the vote was taken the damage was repaired."

Senator Crawford, of South Dakota, having been engaged in dismantling the citadel by tearing away the iron girders, Mr. Rayner said, the Michigan senators assured Mr. Aldrich that they would guarantee enough iron from their state to underpin the structure for the next 6,000 years.

TWO INCOME TAX PROPOSALS.

Washington, May 25.—The fact that Senator Bailey and Cummings have not been able to come to an agreement on the form of an income tax amendment to the tariff bill renders it likely that the views of each will be voted upon and from present indications it is probable each will be sent to the judiciary committee for approval.

The only agreement that has been reached between the democrats and the "progressive republicans" is that the Bailey amendment shall be presented first. It is the intention of Senator Cummings to offer amendments to the amendment in order to perfect it in accordance with his ideas on the subject of an income tax and, failing to do this, to offer his own amendment after the Bailey plan has been submitted and a vote taken. As a motion to commit the amendment to the judiciary committee would take precedence, and a poll of the senate is said to show sufficient strength to carry such a motion, it is improbable that an opportunity will be offered to perfect the measures in the senate to the satisfaction of the supporters of an income tax.

TOO

Man Couldn't Shave Face Too Tender

Women may think that they have to do up with a lot of disadvantages, but there is one thing that they don't have to do—they don't have to shave 365 days in the year.

A man well known about town remarked the other day that half of the trouble of going on a fishing trip was that he could let his whiskers grow until they felt like the bristles in a toothbrush, without waking up every morning and thinking that he must scrape his face before he could look respectable.

The world is full of razors, some good, many bad. It is not always the razor's fault because it doesn't cut the whiskers off without making the skin tender and sore. Often it's the man's fault because he doesn't keep the blade in good condition. With the old-fashioned razor a man knew that it was a fault if he did not keep the blade honed, but with the new safety razor which doesn't need honing—so say—the man neglects honing and he hears among your friends constant complaints about tender skin after shaving.

By-Lo Talcum Toilet Powder, is sold about a great deal and is constantly recommended by the best shops as a cooling, soothing application to relieve the tenderness, irritation and soreness following shaving.

By-Lo being so fine that it will float in the air, clings to the skin so closely that it is invisible. Its antiseptic properties immediately counteract any beginning of infection which might tend to irritate the skin and make it sore. Its cooling, soothing properties makes the face feel good as soon as it is applied.

The constant use of By-Lo Talcum Toilet Powder will keep the skin in such healthy condition that even though the razor may not be as sharp as it should be, the skin will be in such splendid condition that it will not smart and burn after shaving.

In the Pullman cars of the fine vestibule trains you will see men of the world using By-Lo after shaving.

By-Lo has such healing qualities and is such a superior powder in every way that druggists who have investigated its virtues are enthusiastic in telling their friends about it. Its sale among high-class pharmacists is increasing rapidly. It is not sold anywhere except in "Quality" drug stores.

MOB DID NOT TAKE THE TROUBLE TO MASK

Negro Who Assaulted White Girl in Arkansas Successfully Lynched.

Pine Bluff, Ark., May 25.—Lovett Davis, a negro charged with attempting to commit a criminal assault on a 16-year-old white girl last Friday, was taken from jail at midnight by an unmasked mob of 300 men and hanged to a telegraph pole on one of the principal streets.

Just as the negro was being raised high above the street the rope broke and the body fell to the ground, but he was immediately raised again and left hanging.

Early in the night, fearing violence, the sheriff secreted a number of heavily armed deputies in the jail, but there were soon overpowered and the jail broken into with sledge hammers. Several prominent men made speeches, endeavoring to dissuade the mob, but to no avail. There was no excitement and not a shot was fired.

TO SUE FOR HETTY'S MILLIONS.

Howland Descendants Say Green Fortune is Founded on Forgery.

San Francisco, May 25.—Asserting that the \$100,000,000 fortune of Mrs. Hetty Green is founded upon a forged document purporting to be the will of Sylvia Anne Howland, descendants of the Howlands at a family conference in Napa yesterday decided to start a bitter contest upon the death of the "richest woman in America." In their possession is another will differing wholly from the probated document under which Hetty Green in 1865 obtained the \$2,500,000 estate of her aunt, one of the Howlands of New Bedford, Mass. The contestants assert that one-half of the Howland property was left to Hetty Howland Robinson Green only as a life estate, to revert to the Howlands upon her death.

Williamson Fennell, one of the wealthiest land owners of northern California, will finance the fight on behalf of his wife.

When Sylvia Anne Howland died in 1865 two wills were produced. One of these, now in possession of Fennell, bequeathed half of the estate to charities and a multitude of beneficiaries. The income from the remaining half was granted to Mrs. Hetty Green with the proviso that the property go to the heirs of Mrs. Howland's grandfather, Gideon Howland, at Mrs. Green's death. The other will produced by Mrs. Green gave her the whole estate outright. After causing much New England gossip, the trust will was rejected and the other was admitted to probate.

Hoarseness, bronchitis and other throat troubles are quickly cured by Foley's Honey and Tar as it soothes and heals the inflamed throat and bronchial tubes and the most obstinate cough disappears. Insist upon having the genuine Foley's Honey and Tar. Dreier Bros.

LOCK SYSTEM THE THING.

Secretary of War Dickinson Dispel Canal Doubts.

Washington, May 25.—Secretary of War Dickinson, who has just returned from a twenty-day inspection of the Panama canal, yesterday said all the engineering problems advanced in the construction of a lock type of canal would be worked out successfully by the canal commission.

Mr. Dickinson said that whatever doubts he may have had as to the lock system being better than the sea level type were dissipated by his visit to the isthmus, where he observed the hilly condition of the country. There are no serious labor problems on the isthmus, he added.

The secretary resumed his duties at the war department and showed he was considerably improved from the attack of illness, accompanied by five or six days of fever, he suffered in the tropics.

Herbert Pearson, of Fairmount, Ind., who is employed in the accounting service on the isthmus of Panama, while here yesterday, en route to Indiana, said:

"Those who are criticizing the canal and predicting failure are, not engineers. If they were they would have a better understanding of the problem. Work on the canal is moving along rapidly and successfully. If pressure is applied the canal can be completed in four years. In the regular course it will be completed in five years. There is no ground for any pessimistic talk about the canal."

NOTICE TO TAXPAYERS

County Board of Review.

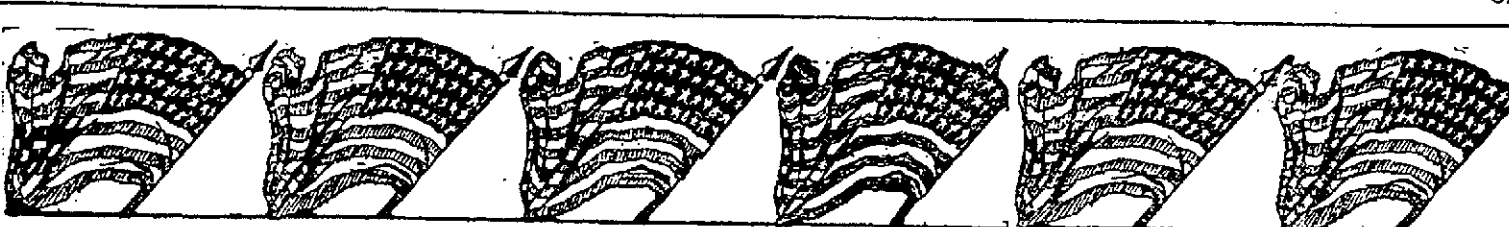

To Whom It May Concern:

You are hereby notified that the county board of review will meet at the room of the county commissioners in the court house in the city of Fort Wayne on Monday, June 7, 1909, at 10 o'clock a. m. to revise and correct the returns for assessment, review and equalization of taxes and to hear complaints of all property owners and equalize the valuation of property and taxables made subsequent to March 1, 1909, and continue in session for thirty (30) days.

Parties having grievances will take notice and appear before the board.

GEO. W. LINDEMUTH,
25-28 Auditor Allen County.

THE PEOPLE'S STORE

JOHN HARVARD HOUSE FIXED UP

London, May 25.—Harvard house, in Stratford-on-Avon, the birthplace of John Harvard, which was purchased last year by Edward Morris, of Chicago, has been entirely renovated and fitted up as a museum and will shortly be opened to the public. This work is being done under the direction of the trustees, who include Sir Thomas Lipton and Marie Corelli.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Dreier & Bro.

Watch our windows for values. PATTERSON-FLETCHER CO.

"JACOBIN WAVE" IN AMERICA.

Ferrero Writes of Move to Curb the Power of Wealth.

Paris, May 25.—Continuing his analysis in letters to the Figaro of conditions in the United States, Guglielmo Ferrero, the Italian historian, finds that the moral revolution, which was produced by recent revelations, was quickly transformed into a movement not only to impose a severe system of ethics upon high finance, but to curb the wealth power, as well. A veritable wave of Jacobinism, he says, swept over the country and the demand for Draconian legislation was so strong that the rival parties vied with each other in promises of reform.

Signor Ferrero uses Pittsburg as an example of the manner in which the Augean stables have been cleaned and cites the New York public service law

as an illustration of the tremendous power conferred upon the authorities charged with watching operations of corporations.

Although Signor Ferrero is of the opinion that the "American financial oligarchy," despite its vices, is playing a great role in the development of the resources of the country, he says that the power and influence the money combinations have acquired in America would not be tolerated in Europe, "accustomed for centuries to authoritative regimes."

Many weak, nervous women have been restored to health by Foley's Kidney Remedy as it stimulates the kidneys so they will eliminate the waste matter from the blood. Impurities depress the nerves, causing nervous exhaustion and other ailments. Commence today and you will soon be well. Pleasant to take. Dreier Bros.

INDIANA COLLEGE MEET.

Indianapolis, Ind., May 5.—DePauw Butler and Franklin are represented in a triangular track meet at the Butler college athletic field here this afternoon. DePauw has entered several men of ability, among them Somerville, the distance man, who once held the state high school record for the mile run. Bulcock, of Franklin, has entered a number of events and his school is expecting much from him. Kingsbury, of Butler, is expected to win points in the dashes. The meet started at 2 p. m.

If you want to feel well, look well and be well, take Foley's Kidney Remedy. It tones up the kidneys and bladder, purifies the blood and restores health and strength. Pleasant to take and contains no harmful drugs. Why not commence today? Dreier Bros.

The Boston Store Buying on the Breaks

The manufacturers' season is over; our season has just begun. The manufacturers and their agents are closing out their spring and summer stocks at almost any reasonable sacrifice. We are constantly on the watch, always buying on the breaks and passing the good things around to you.

TRACK ELEVATION.

Mayor Hosey, the board of works and the Pennsylvania railway officials have recently made such substantial progress toward agreement on the track elevation details as to make that long deferred and much desired im-provement look like a prospect about to be realized. The Wabash railway has not progressed so far in acquies-cence, but it is now felt that the great-est obstacles to agreement have been got around and over and that such de-tails as remain to be settled will not prove seriously embarrassing.

To many it may seem that track ele-vation has been a long time coming, even so far as it has, and it is true that the time has been long, but it

must be remembered that this is the history of such improvements. The track elevation campaign in Chicago was carried on with variable energy through a period of many years before a stroke of work was done in actual consummation of what had been an ancient dream of that city. Indianapolis fought long and hard for track elevation, and only got the first of it some two or three years ago.

If Mayor Hosey succeeds in getting this vexed problem cleared away it will be a great triumph for the ad-ministration. No improvement of re-cent times has been more appreciated by the public than will be the final elimination of the grade crossings of the south railroads, and especially that of Calhoun street.

If Mr. Patten isn't doing it, Mr. Patten and the wheat market have got the United States department of agriculture into a rather embarrassing situation. If Mr. Patten is doing it, Mr. Patten is certainly a good hand on the works. May wheat today sets a new high record for the present movement with that option quoted at \$1.35 1/4 on the Chicago board. It is to be noted that soon after Mr. Pat-ten returned from his rest on a west-ern ranch, the wheat market began to get fidgety with strong upward ten-dencies and finally the price began steadily to creep back to the figure from which it had slumped and then to pass it. Today may wheat is 6 cents a bushel higher on the Chicago board than it was when Patten aban-doned the market back in April. Practically all the news of the western crops is bullish and there is no defi-nite figure at which the end of the rise can be predicted.

Mercury as a cure for leprosy is un-der investigation by naval surgeons. The experiment is being made in the leprosy colony on the island of Guam. The same method of treatment is being given to the lepers by the naval sur-gicon as that used by Surgeon B. L. Wright, U. S. N., in his treatment of tuberculosis at the naval hospital at Las Animas, Col. Reports from Las

Animas have shown remarkable cures of tuberculosis in advanced cases by the mercurial treatment. The treat-ment of lepers in the Guam colony has not continued long enough for definite results. The surgeons are watching the progress of the cases closely and will make immediate reports to the bureau of medicine and surgery as soon as the effect of the treatment is known. It is pointed out by naval surgeons that there is a close analogy between tuberculosis and leprosy, both bacteriologically and pathologically. For this reason they decided to extend the investigations with mercury. As leprosy is a chronic disease, rapid re-sults are not anticipated. If cures are made it is said they may come only after years of treatment. The leper colony in Guam consists of nineteen patients, all natives. The proportion of leprosy is about one to every six hundred of the population of the is-land.

Talk of salting one's wounds and you should consider the case of Elmer Dover, secretary of the republican na-tional committee for many years and once private secretary to the great Mark Hanna. Rabid anti-Taft man though he had been, it was felt his services to the party organization merited recognition and reward at the hands of the administration. New York bank examiner'ship was held up to his hungry gaze with the query would he take it. Would he take it? Mr. Dover? Would he? Mr. Dover certainly would, and much obliged. But Mr. Dover won't, or rather can't. Because the thing isn't there to take. Discovered that the job tagged for him pays \$12,000 a year and is other-wise quite fussy and forthwith it was ruled that it was "too good for 'im." The stock of unfilled offices is now being rummaged for something that will fit a republican who wasn't for Taft. When found it doubtless will not prove at all too large for Mr. Dover, who by this time has doubt-less ceased to be too particular.

Intestine war among the Thaw in-terests holds out some promise of plac-ing the inside of the famous murder trial on public view. One item of \$40,000 "hush money" alluded to with some definiteness by a former counsel for the defense in itself would constitute quite a show. On the whole, believe interior views of the Thaw trial should be brought out into society.

Airtight Sunday, no gambling, track elevation, repaired streets and some other things of more or less impor-tance promise the Hosey administration an exit in a blaze of glory. The no-gambling condition seems to be coming a little faster than anything else just now.

If the language of the mayor is a premonitory symptom a police shake-down of about the proportion of Messina earthquake is due for more or less sudden arrival.

CAPT. H. T. HITE RETURNS.

After a Year in Missouri He Will Again Locate in Fort Wayne.

Capt. Harvey T. Hite, a well known Fort Wayne veteran who removed to Knobnoster, Mo., a year ago, arrived in Fort Wayne yesterday and is mak-ing preparations to again become a citizen of this city. He is engaged in the second-hand goods business.

"Fort Wayne is good, enough for me," said Capt. Hite as he smilingly greeted his old friends today.

BUFFALO BILL COMING.

Wild West's Date in Fort Wayne This Year is July 7.

S. H. Feldler, the agent for Buffalo Bill's Wild West show, arrived in the city this morning and is a guest at the Randall. Col. Cody's amusement en-terprise will appear in Fort Wayne July 7.

A. W. BUTLER IN CITY.

Secretary Board of State Charities Visits State School.

A. W. Butler, of Indianapolis, secre-tary the Indiana board of state charities and corrections, is a guest at the Anthony. Mr. Butler is here to make a regular trip of inspection of the state school for feeble-minded youth.

FILED AN AFFIDAVIT.

Patrolman Peter Junk filed a report at headquarters this morning to the effect that he had filed an affidavit against Dr. H. L. Porter for exceeding the speed limit in an automobile. Wil-liam Kramer was run down and se-verely injured at Main and Calhoun streets last night. The injured man lives at 2218 John street and the pa-trolman reported that the machine was running at ten miles an hour.

MAKE MILK TESTS.

Dr. George Gillic, inspector of the city health department, took about thirty samples of milk from the dairy wagons this morning and put in the day making tests to see if they come up to the regular standard.

LAWYER HARTIDGE PROMISES EXPOSE OF THAW CASE

Says He Has eLitter Prov-ing Stories Were Hushed by Use of Cash.

New York, May 23.—Clifford W. Hartidge, the former Thaw lawyer who is suing for fees and disburse-ments, yesterday got back at Mrs. William Thaw for the statement issued by her on Sunday in which she an-swered his statement of the preceding day. Harry K. Thaw also issued a statement on Monday, but Hartidge said he would pay no attention to what Thaw says, as his mother is the re-sponsible party in the case.

The lawyer said he did not want to disclose all of his case at the present time, but within the thirty days al-lowed him he would file the bill of particulars ordered by Judge Hough in the United States circuit court, would give the names of as many as he could of the people, chiefly women, whom he mentioned in his affidavit as having been necessary to placate with large sums of money.

Mr. Hartidge said Harry Thaw's statement that "were there any truth" in Mr. Hartidge's claims he "would have him disbarred," was ridiculous, as Mr. Hartidge never said anything about bribing witnesses or any such illegal proceeding, but had merely bought the stories which, otherwise, would have been bought by the news-papers, and otherwise kept quiet the stories of one kind and another which he says Mrs. Thaw told him simply must not be allowed to become public. The lawyer pointed to a heavy letter book which he said contained signed letters by Mrs. William Thaw which would bear out all his statements with-out further proof.

Text of Hartidge's Statement.

Mr. Hartidge's statement follows: "Mrs. Thaw's signed statement, as appearing in the papers, contains three things. One is, according to her, that I will fall to be paid my money which she says gives her no small satisfac-tion. Satisfaction at the thought of not having to pay for work done for her and her son even if it cost the horrible truth about them both being liars. Needs no comment.

"Second, she says, 'I never have asked him to touch anything.' In a letter of Aug. 15, 1908, she says: 'My fear in regard to the Boston crank was lest he should publish such a thing

as proposed. However, the opposition might induce him to do so. This is a fearful penalty of wrongdoing that is of a public nature, such as Harry has committed—notoriety—the thing that is most to be abhorred."

Tells of Fight on Asylum. "On or about Feb. 16, 1907, she wrote saying: 'I cannot have my whole fam-ily dragged into needless notoriety.'" The third point of Mrs. Thaw's statement which Hartidge takes up is: "It is news to me that I asked him to keep my son out of Matteawan. That question was not raised from the time I met Hartidge until Delmas took charge and the trial was half over at Jerome's instigation."

To this the lawyer replies that it cannot be so soon forgotten that "one firm of lawyers was unsatisfactory to both the mother and son, because these two thought this firm would permit at Jerome's instigation."

"Hence, by retainer," Mr. Hart-ridge adds, "and goes on to say that he has an affidavit given to him by Mrs. Thaw with a letter from her saying her son wished it done, in which she gives her reasons for not continuing holding the first firm of lawyers em-ployed by her.

RATE IS EXCESSIVE.

Washington, May 23.—It was held by the Interstate Commerce commission to-day in the case of Henry J. Gilchrist against the Lake Erie & Western Rail-road company and others, that the de-fendants' joint through rate of seventy-four cents a hundred pounds on oil well supplies and pipe from Fishers, Indiana, to Bartlesville, Oklahoma, was unreason-able and should not have exceeded 58 1/2 cents. The last named rate is found reasonable between the points in ques-tion, and is directed to be the rate.

HARDWARE MEN MEET.

Milwaukee, Wis., May 23.—One hun-dred and fifty hardware dealers rep-resenting a membership of 1,300 in the National Hardware association gathered in Milwaukee today for a three days' annual convention, aside from the routine business the sessions of the con-vention are executive.

E. Hamblen, of Woodburn, is a patient at the Hope hospital.

Stop

taking liquid physic or big or little pills, that which makes you worse instead of curing. Cathartics don't cure—they irritate and weaken the bowels. CASCARETS make the bowels strong, tone the muscles so they crawl and work—when they do this they are healthy, producing right results.

CASCARETS are a box for a week's treatment. No pills. Biggest seller in the world. Million boxes a month.

POLITICAL ANNOUNCEMENTS.

FOR MAYOR.

Editor Sentinel: Please announce that I am a candidate for the democratic nomination for mayor, subject to the will of the voters at their primary. I stand for the maintenance of the principle of municipal ownership, for economy in administration, an upright, honorable system of government and a square deal for the taxpayers.

JOSEPH A. HALEY.

Editor Sentinel: Kindly announce that I am a candidate for the democratic nomination for mayor, subject to the decision of the voters at the primary.

HENRY P. SCHERER.

Editor Sentinel: Kindly announce that I am a candidate for the nomination for mayor at the im-pending nominating primaries of the democratic party. I have always championed the cause of municipal ownership of public utilities, as well as an honest, pro-gressive, economical administration of city affairs and shall ever continue to do so.

AUGUST M. SCHMIDT.

Editor Sentinel: Kindly announce that I am a candidate for the nomination for mayor at the im-pending nominating primaries of the democratic party.

ALBERT E. MELCHING.

Editor of Fort Wayne Sentinel: Will you please announce my candidacy for the nomination for mayor to the nominating primaries of the democratic party.

If nominated and elected I will use my best endeavor to complete and perfect the municipal lighting plant for the bene-fit of all our people as now is our water works. I am likewise in favor of track elevation under the present law, the en-forcement of all laws, and the city beau-tiful.

CHARLES McCULLOUGH.

Editor Sentinel: Kindly announce that I am a candidate for the nomination for mayor at the im-pending nominating primaries of the re-publican party.

JESSE GRICE.

Editor Sentinel:—Please announce that I am a candidate for the office of judge of the city court of Fort Wayne, subject to the decision of the democratic primaries when held.

A. LOUIS GRIEBEL.

Editor Sentinel: Please announce that I am a candidate for the office of judge of the city court of Fort Wayne, subject to the decision of the democratic primaries when held.

H. WAVELAND KERR.

Editor Sentinel: Please announce that I am a candidate for the office of judge of the city court of Fort Wayne, subject to the decision of the democratic primaries when held.

WAL. FRUECHTENICHT.

Editor Sentinel: Please announce that I am a candidate for the office of judge of the city court of Fort Wayne, subject to the decision of the democratic primaries when held.

F. H. KLECKAMP.

Editor Sentinel: Please announce that I am a candidate for the office of clerk of Fort Wayne, subject to the decision of the democratic primary, to be held July 23, 1909.

JNO. G. NOLL.

Editor of The Sentinel: Please announce that I am a candidate for the office of city clerk of Fort Wayne, subject to the decision of the democratic nominating primary to be held July 1909.

A. J. MULDOON.

Editor of The Sentinel: Please announce that I am a candidate for the office of city clerk of Fort Wayne, subject to the decision of the democratic nominating primary to be held July 1909.

DAVID C. STOUT.

Editor of The Sentinel: Please announce that I am a candidate for the office of city clerk of Fort Wayne, subject to the decision of the democratic nominating primary to be held July 1909.

OSWALD STAHN.

Safe Investments

DURING the past twenty-seven years the of-ficers and directors of this bank, after careful investigations, purchased over \$900,000,000 of bonds, which have been sold to a constantly growing list of conservative clients. We have just prepared a booklet, "Bonds for Safe Investment," which is intended, primarily, for the use of persons planning to invest in bonds for the first time. Copies will be fur-nished free upon request.

We own 300 different issues of carefully selected government, municipal, railroad and public service corporation bonds which we offer for safe investment at prices

Yielding 3 1/4 to 5 1/4 Per Cent.

MARQUETTE BUILDING, CHICAGO

CITY BREVITIES.

Mrs. Lizzie Smick, of 1216 Union street, is seriously ill with rheumatism and erysipelas.

Directors of the Teutonia Building and Loan association will hold their regular meeting in the offices of Breen and Morris this evening.

Announcement is made here of the birth of a son to Rev. and Mrs. J. B. Diefenbach at their home in Bluffton. Mrs. Diefenbach was formerly Miss Josephine Zartman,

a daughter of Rev. and Mrs. A. K. Zartman.

Hon. James M. Robinson and passed through the city this mor-ning on their way from Washington, C., to Chicago where they make a short visit.

Mrs. Edward Lebrecht, for past four weeks a patient at Lutheran hospital where she taking medical treatment, was missed from that institution ye-day and returned to her home g-ly improved.

ELECTRIC TALKS

No. 116

Strengthen Public Sentiment

Why has public sentiment in Fort Wayne in the past allowed itself to be turned against public service corporations?

Why has it so allowed itself to be similarly misdirected in certain other cities?

How has it been possible, with all the benefits that corporate investments bestow upon cities, that they should have been antagonized by public sentiment to the extent which we have seen?

Now in the first place the public has no intention of working against its own interests.

In the next place the public, having so worked, it is evident that it must have been persuaded wrongly as to wherein its interest lay.

Whether this persuasion has been accomplished by the ward heeler, the calamity-howler or merely by a common, ordinary, every-day demagogue, mat-ters little here.

What does matter is that it was accomplished, and a would-be honest public, trying to be true to its own interests, was made to work against itself and to pull chestnuts out of the fire for the manipulators in local politics.

Now all this means, it seems to us, that public opinion was not properly grounded.

It was not the house built upon the rock, but that upon the sand, and the winds and waves of a political campaign washed it away to its fate.

Public sentiment must represent careful consideration of facts and sound conclusions drawn from them if it would hold its own against the plausible and the scheming in the realm of politics.

It is idle to denounce the wily for taking advantage of the ignorant. The thing to do is to DISPEL IGNORANCE.

It is the defenses against the active forces which would corrupt public opinion which should engage our attention.

Public opinion on any subject vital to the welfare of Fort Wayne should be made a solid wall built of facts and carefully reasoned convictions. Then let the municipal schemer, with what temerity he may, butt his head against it.

Be sure that wall will not be the one to suffer!

Now, the facts as to the value of corporate investments—whether in public or private utilities—were not known to our people fifteen to twenty years ago as they are understood today.

To denounce a corporation was once a sure road to popular favor.

Later it became no longer sure, and much less traveled.

Now it is fast becoming both dangerous and disreputable—a back road.

THE PUBLIC HAS SEEN A LIGHT AND IT SHOWS A CITY WORK-ING MOST EFFICIENTLY FOR ITS OWN INTERESTS WHILE ENCOUR-AGING TO THE LIMIT OF ITS MUNICIPAL POWERS THE PROFITABLE ACTIVITIES OF ALL ITS CITIZENS.

If these activities, following the natural evolution of a progressive era, take the form of corporations there is at least NO BOGEY in them.

From the facts we have given in recent talks we believe that the reasoning public everywhere is coming to a truer appreciation of the public service corpora-tion in the healthful and economic development of every city.

IN THE CITY'S CHURCHES

A LUTHERAN STUDENT TO BE ORDAINED JUNE 6

day evening at 7:30 o'clock at the First Presbyterian church. The story is intensely interesting and will be given by the pastor, Rev. Henry B. Master.

ALUMNAE PEDRO PARTY.

Young Ladies of St. Catherine's Academy to Entertain.

Under the auspices of the young ladies of the Alumnae association of St. Catherine's academy, a progressive Pedro party will be given on Thursday evening at 8:30 o'clock at Hilberian hall.

A meeting of the Alumnae association of St. Augustine's academy will be held next week on an evening to be announced later. Arrangements will be made at that time for the reception to be tendered the Class of '09 in June. The annual commencement exercises of St. Augustine's academy will be held at the library hall on Friday evening, June 18.

RECEPTION FOR NEW MEMBERS.

Rally Prayer Meeting and Program Wednesday Evening at Plymouth.

In compliment to all new members received into Plymouth Congregational church since October a reception will be given in the church on Wednesday evening. The celebration will open with a rally prayer meeting conducted by the pastor, Rev. Dr. Henry T. Sell. The reception for the new members will follow the prayer service and later refreshments will be served. The pastor urges the attendance of all members and friends of the church.

Y. W. C. A. RUMMAGE SALE.

Members of the Y. W. C. A. are conducting a rummage sale in the McKinnin building, 206 West Berry street. The proceeds of the sale will be used for the association. Those who have articles they wish to contribute are urged to notify the Y. W. C. A. and they will be secured. The ladies who conducted the rummage sale for the benefit of Hope hospital realized over \$83 for that institution.

AMONG THE CHURCHES.

Daily Record of Current Events in Religious Circles.

The Bloomingdale and Spy Run divisions of the Ladies' Aid society of the West Jefferson Street Church of Christ will be entertained on Wednesday afternoon at 2:30 o'clock at the home of Mrs. Guy Conklin, 34 Wagner street.

The College Sewing society of Emmanuel Lutheran church will meet at 2 o'clock with Mrs. Oelschlaeger, 260 Baker street.

The Ladies' Aid society of Bethany Presbyterian church will be entertained at the church on Wednesday afternoon. The attendance of all the ladies of the church is urged. Mrs. Lathrop is secretary of the society.

Rev. John Beiderman, pastor of St. Catherine's Catholic church, Nix Settlement, was the guest of clerical friends in the city yesterday.

Rev. A. Messman, pastor of St. Joseph's Catholic church, Laporte, is the guest of Rev. Charles Thiele, rector of St. Peter's church in this city. The visiting pastor has been quite ill for some time but is much improved and was able to officiate last Sunday at the solemnizing of the first holy communion in his parish at Laporte.

The Ladies' Sewing society of Salem Reformed church will hold a sewing session in the church on Wednesday afternoon, after which refreshments will be served.

Rev. R. Graetz, of Brighton, Mich., has accepted a call to Marion, O. Rev. Graetz was pastor of St. Mark's Lutheran church, Sheldon, some years ago.

The Sewing society of Emmaus Lutheran church will hold a sewing session in the parochial school hall on Thursday afternoon.

WANTS HIS COMMISSION.

Man Who Recovered Money for Green Goods Victim Sues.

Rushville, Ind., May 25.—Claiming that he was instrumental in recovering \$10,000 for Stamper White, the victim of one of the biggest "green goods" swindles ever carried out in the county, Perry Meek, of Glenwood, is suing to recover \$2,500, the amount he alleged White promised him if the money was recovered. The case is being heard in the Rush circuit court.

The plaintiff, Perry Meek, was the first to take the stand.

He testified that when he learned that White had been swindled by a "green goods" man, he went to White and made a proposition to assist in recovering part of the money.

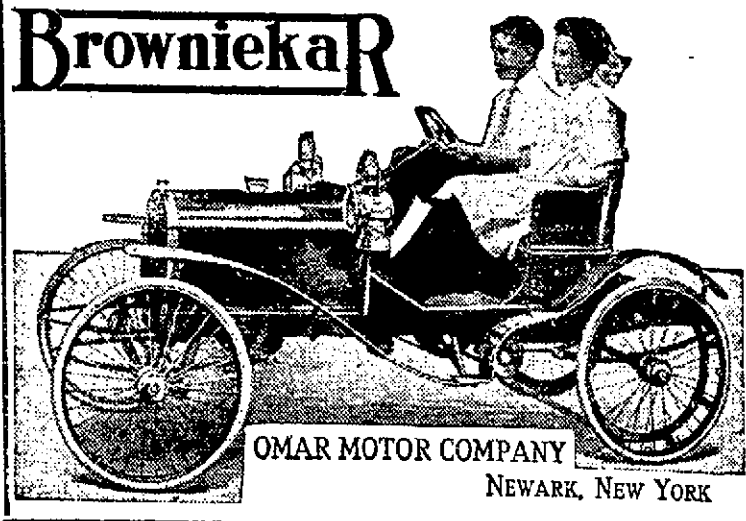

He testified that White told him if he succeeded he would give him \$2,500. Meek testified that the maneuvers he made was the cause of Sheridan Daubenspeck's, the farmer arrested Saturday, returning \$10,000 which he got of White. Meek declared but for him White would not have recovered the money. White repudiated this and hence the suit was instituted.

MR. BEVERIDGE REPLIES.

Tells Fort Wayne Man Time is Necessary in Tariff Action.

Senator Albert J. Beveridge, in a letter to President L. D. Redding, of the Fort Wayne Federation of Labor, defends his action in delaying action on the new tariff bill now before con-

A "BROWNIKAR" FREE TO SOME BOY OR GIRL

Every little youngster who gets his eye on the Browniekar Automobile on exhibition at our store becomes inspired with the idea that he or she would like to own it. On August 1 this handsome little automobile will pass to some joyous owner free of all cost.

OUR PLAN TO GIVE THE CAR AWAY

With every purchase we will issue a voting ticket for as many votes as the amount of the sale entitles the buyer to, counting each vote at the rate of 10 cents. For example, one 10-cent purchase, one vote; 50-cent purchase, five votes; \$1 purchase, ten votes; \$5 purchase, fifty votes; \$10 purchase, one hundred votes, etc. Luck does not enter into this proposition. Every boy or girl, regardless of where they live, who is willing to hustle and secure votes for themselves or friends, may secure the car.

This Browniekar Automobile is Now on Exhibition at Our Store. Every-body Invited to Call and See It.

It was our intention to display this car in our window, but we found the opening too small to admit it, so it may be seen at the front of our store on the inside.

Boys and Girls come and see the Browniekar Automobile--You may own it on August 1 GET YOUR FRIENDS TO VOTE AND WORK FOR YOU

J. C. Ayer & Co., Lowell, Mass.

SOCIETY

Mr. and Mrs. James Dalton, of 312 West Williams street, announce the engagement of their daughter, Nellie, to Otto H. Hartwig. The wedding will be an early June event.

Mrs. Charles Spanley, of East Woodland avenue, has issued invitations to a card party which she will give on Thursday afternoon in honor of her guest, Mrs. Argos Kemp.

Miss Edna Tucker, of South Bend, who is visiting Miss Louise Pixley, was the honor guest at a very pretty card party which Miss Louise Pixley gave last evening. The decorations were a pretty arrangement of garden flowers.

Miss Bessie Jones, of Hoagland avenue, who is a bride-elect of June, entertained the members of a sewing club to which she belongs on Saturday afternoon.

The day set for the wedding of Miss Ethelwyn Taylor, daughter of Mr. and Mrs. L. N. Taylor, and Norton N. Fisher, of Bridgeport, Conn., is June 30. Miss Taylor will have a small home wedding.

Miss Florence Fry and Miss May Dittoe gave a dinner party at the Elks temple cafe last evening in honor of Miss Charlotte Stier. The decorations were lilacs of the valley and corsage bouquets of those flowers were at each plate. After the dinner a number of gentlemen escorted the company to the vaudeville performance. The guests were Miss Marie Davis, Miss Mabel Huey and Mrs. Arnold Pfeiffer, of Richmond; Mrs. Morgan, of Lafayette; Misses Anna Sullivan, Charlotte O'Rourke, Maude and Jeannette Muhler, Bernadette Monahan, Verna Graft, Grace Baker, Mrs. Frank Gilmartin and Messrs. Harry Hogan, Charles Hart, James McDermott, Arthur Monahan, Tom Lane, Edward Diller, Fred Berghoff, Oscar and Rob Fox, Charles Golden, Loren Griffith, Louis Blase, Frank Kelker and Mr. and Mrs. Charles Stier.

Miss Agnes Beaver, of Lakeside, is visiting friends in Chicago for a few days.

Miss Agnes Hamilton, of Philadelphia, is the guest of her mother, Mrs. P. A. Hamilton.

Mrs. Will Scherer, of 1318 Wall street, will entertain the Dywidi club tomorrow afternoon.

Mr. and Mrs. Charles Wall, of St. Louis, are spending a week with Mr. and Mrs. John A. Shoaff.

Mr. and Mrs. Edgar Anger, of Oshkosh, Wis., are visiting Mrs. H. Proeger and family, of 1205 Fairfield avenue.

Mrs. George Potter comes home today from Ashland, O., and will be accompanied by her niece, who will visit here.

Mr. and Mrs. Fred S. Hunting have gone on a trip to Hot Springs, Va., Atlantic City, Washington and New York.

Mrs. H. B. Master and children came home this morning from Buffalo, where they had been with relatives for several weeks.

Mrs. John Leikauf has returned to her home in Chicago after a week's visit here with Mrs. Henry Leikauf, of 1326 Union street.

F. W. Freese and daughter, Miss Katherine, and Miss Philomena Smith are planning to start next week on a trip to Denver, Col.

The Misses Hoffman, of West Berry street, expect as their guests on Saturday to remain over Decoration day Mr. and Mrs. George Wall, of Lima, O. Mrs. John Langard and Miss Kate Favary have returned from North Baltimore, O., where they were guests for a few days of Father Benier and Miss Mary Long.

Mrs. James B. Harper has returned from Rockford, Ill., where she attended three day exercises of Rockford seminary and visited her daughter, Miss Helen Harper, who is a student at the college.

The Chrysanthemum club was entertained by Mrs. Frank Fournier, of South Hanna street, on Thursday afternoon. The prizes were won by Messdames P. Harber, J. Lennart and D.

Klotz. Other members of the club are Messdames J. Rupp, M. Lill, T. Allgeier, C. Ziegler, M. Levenberger, A. Heit, M. Koehl, I. Gruber, J. Miller and M. Huhn.

Miss Mayme Hayes is spending two weeks in Indianapolis with her sister, Miss Loretta Hayes, who is taking a course at St. Joseph's training school.

The Neighborhood Sewing circle met yesterday with Mrs. Matson, of Liberty street, and enjoyed a pleasant time. In a bean contest the prize was won by Mrs. Horstman. The next hostess will be Mrs. Frank McLeish, of 907 Liberty street.

Miss Virginia Carnahan left last evening for New York and will sail from Hoboken next Tuesday in company with friends on the Kaiser Wilhelm II. North German Lloyd line, for Liverpool. On her way to New York Miss Carnahan will stop at Danville, N. Y., to see Miss Margie Hanna, of this city, who has been seriously ill at a sanitarium for some months, but is now rapidly convalescing.

John Kach, of 2017 Force street, reached his twenty-first birthday anniversary Saturday and a company of his friends gave him a surprise party in celebration of it. Pedro and other games were played and a supper was served. Prize winners were Misses Amber Casey, Selma Baer, Harry Heider and Colte Bolens. Other guests were Misses Winifred Klines, Margaret Shumate, Myrtle Butler, Zella Frederick, Gertrude Short, Marie Linnehan, Edie Beamer, Nellie Remoert, Annie Casey, Blanche Bowers, and Messrs. Herman Kaada, Gus Willig, George Schmidt, Harry Wiedner, Barney Hattie, John Koester, Clint DeWitt, John and Frank Koch, Howard Hardesty.

A pretty children's party was one given by Mr. and Mrs. F. Cunningham, of 1202 Webster street, in honor of their daughter, Catherine. The children spent a happy time hunting peanuts, pinning clothespins on a line with blindfolded eyes and in other games. Prizes were given for the most successful contestants in each game. The supper table was prettily with its decoration of carnations and ferns and the supper menu was heartily enjoyed. The guests were Helen Rohyans, Adelaide Deurel, Edie Hyde, Kathryn Schneider, Elin Koester, Margaret and Catherine Michaels, Hortense Grimmer, Esther Golden, Helen Freiburger, Jeannette Timmons, Amelia Moran, Irene Miller, Hilda Pierre, Florence Graft, Ruth Lanterner, Marie Cunningham, and Master Edward Cunningham. Mrs. Fournier and Miss Cecelia Groman assisted Mrs. Cunningham in waiting on the children.

His fiftieth birthday anniversary was the cause of a surprise party on Sunday at his home, 417 Huffman street, on Sunday evening. The guests spent a merry time playing progressive pedro and prize winners were Mrs. Frank Krazman, Mrs. Samuel Frederick and Messrs. Herman Hilker and Myrl Gouty. Mrs. Hueber served a supper late in the evening. The occasion was enjoyed by the following guests: Fred Link, Mr. and Mrs. John Miller, Mr. and Mrs. Samuel Frederick, Mr. and Mrs. Leonard Staff, Mr. and Mrs. Herman Hilker, Mr. and Mrs. Louise Booksberger, Mr. and Mrs. Charles Kraft, Mr. and Mrs. Roy Doyle, Mr. and Mrs. Myrl Gouty, Mrs. Frank Krazman, Mr. and Mrs. Frank Fournier, Mr. and Mrs. Wemtritt, Mr. Kress, Mrs. Chandler, Mr. and Mrs. Charles Vaughan, Miss Eva Kress, Miss Mamie Miller, Miss Arvina Frederick, Messrs. J. Frederick, C. Chandler and F. Hueber.

Miss Corinne Snyder, daughter of Mr. and Mrs. O. W. Snyder, entertained a number of her playmates and friends from 4:30 to 8:30 o'clock last evening in celebration of her eleventh birthday anniversary. Games were played out of doors until supper time. In the house the rooms were trimmed with flags and patriotic colors appeared in all decorations. Even the candles which lighted the birthday cake and further ornamented the table and room were either red, white or blue. Each guest was given a small silk flag as a souvenir of the party. A game after supper was to pin a star on a large flag while blindfolded. Mrs. Leroy Hartzler and Mrs. Richard Ball lent the hostess assistance in serving the children their supper. Miss Corinne's guests were Katherine Metzger, Marjorie Dalley, Helen Bittler, Eleanor Wilson, Dorothea Fox, Louise Rogers, Guy Berghoff, Hoxe Graeter, Mabel and Virginia Vernon, Inez and Dick Hartzler, Grace Munger, Adah Gumpfer, Elizabeth Rogler, Dorothy Heaton, Hilda Pierre, Lucille Stoneburner, Helen Mackie, Grace Banks, Kathleen Tiffany, Hilda Hahn, LaVerne Scott, Vivian Lowe, Lucile Carver, of Columbia City.

AD SOC NOTES
Lloyd Slater was pleasantly surprised at his home Saturday evening

cream. Add flour, lemon rind and juice, and salt; beat mixture for ten minutes, add gradually eggs and milk. Continue beating for another ten minutes after flour is added, and allow mixture to stand for one hour. Put some of the butter into an omelet pan and heat, pour in about a cupful of the pancake mixture and bake for twenty minutes in hot oven. Turn out onto a plate dredged with sugar, spread some hot jam on one side and turn over the other half. Continue thus till mixture is used up.

Kedgeres of Fish.
One-half pound cooked fish, one-half pound rice, two hard-boiled eggs, two heaping tablespoons butter, seasoning of salt, pepper and grated nutmegs. Break fish into small pieces, removing all skin and bone. Wash rice and boil it for twenty minutes; strain and dry in the oven. Chop the hard-boiled whites of eggs finely, melt butter in a pan, put in fish, rice and chopped white of eggs. Add seasonings; stir over fire till quite hot. Pile up on hot dish, sprinkle over with yolks of eggs previously rubbed through a sieve. Garnish with parsley and serve hot.

Three eggs, two tablespoons sugar, three ounces flour, grated rind one-half lemon and its juice, pinch of salt, two cups milk, two tablespoons butter, three tablespoons preserves. Beat butter and sugar to a

cream. Add flour, lemon rind and juice, and salt; beat mixture for ten minutes, add gradually eggs and milk. by a number of his friends as it was the twenty-first anniversary of his birth. Music and games were the feature of the evening and a fine lunch was served. Those present were Misses Emma and Mary Flgel, Addie Sarazina, Bessie Maxwell, Isabelle Potter, Hilda Dicks, Verna Slater, Vivian Batson and Messdames Sophie Slater, L. L. Toland, Dugg, Nahrwald and Batson and Messrs. Lloyd Slater, Charles Aubrey, Lee Hartzler, Walter Smith, George Sarazina, Henry Furthneller, Ivan Toland, Winifred Batson, Henry Nahrwald, B. C. Leroy and Dugg.

A Country Party.
One of the recent country parties that gave great pleasure to the host and hostess as well as to the company assembled was held at the home of Mr. and Mrs. Edward Gibson, of Monroe township. The company assisted in celebrating the tenth wedding anniversary of Mr. and Mrs. Gibson's marriage and there was music, dancing, games and a splendid dinner. The guests presented Mr. and Mrs. Gibson with a number of useful and pretty gifts. There were present Mr. and Mrs. Nick Wyss and family, Mr. and Mrs. John Wyss and family, Mr. and Mrs. Frank Wyss and family, Mr. and Mrs. Willie Wyss, Jacob Hoffman, Mr. and Mrs. Jacob Harber and family, Mr. and Mrs. Daniel Harber and family, Mr. and Mrs. John Landstoffer, Dr. and Mrs. Mercer, Mr. and Mrs. Willie Minnick and family, Mr. and Mrs. Louis Minnick and family, Mr. and Mrs. Theo. Minnick and family, Mr. and Mrs. Henry Gibson and family, Mr. and Mrs. John Harber, Mr. and Mrs. Henry Gibson and family, Mr. and Mrs. Andy Bulb and family, Mr. and Mrs. John Kleinrichert, Mr. and Mrs. Henry Alfeldt, Mr. and Mrs. Frank Grieser and family, Mr. and Mrs. David Gibson and family, Mr. and Mrs. Jacob Renninger, Marshall Runner, Tony Berg, Charley Rauner, Helen Gibson, Dora and Anna Sorg, David Sorg, Frank Gelzlecher, Regina Hoffman, Samuel Hach, Tony Bubb, John Zeigler and Warren Acke.

A number of friends of Mr. and Mrs. Frederick Schmidt enjoyed a pleasant time on Sunday at their country home and assisted in celebrating the twentieth anniversary of Mr. and Mrs. Schmidt's wedding. A sumptuous dinner was one of the features of entertainment and there was music and the playing of various games that passed the hours merrily. The members of the D. S. E. club rendered music during the afternoon and evening and everyone enjoyed a good time. There were present Mr. and Mrs. Charles Braking, Sr., Mr. and Mrs. Fred Beckmann and family, Mr. and Mrs. George Eysenberger, Mr. and Mrs. Clarence Draper, Mr. and Mrs. Charles Braking, Jr., Mr. and Mrs. Fred Cook and family, Mr. and Mrs. William Schellmann and family, Bertha Braking, Maudie Beckmann, Elsa Schmidt, Gusta Braking, Anna Cook, Elsa Braking, Loretta Braking and Fred Koenemann, Charles Beckmann, Fred Schmidt, William Beckmann and Fred Cook.

A Country Party.
Miss Grace Heintzelman went to Dunfee to spend Sunday with her father, A. D. Heintzelman, and there met a number of friends who were entertained at dinner at the home of Clarence Rhoads. In addition to a delicious dinner there were musical selections and games for the pleasure of the company, who included Mr. and Mrs. Clarence Rhoads, Misses Hattie Esterline, Laura Heintzelman, Ida and Nora Ditzelburger, Minnie Ramel, Grace Heintzelman, Minnie and Rosa Ditzelburger, Gladys Byal, Kate Elliott, Carrie and Mabel Rhoads and Messrs. John Shroyer, Hobart and Walter Rhoads, Harry Heintzelman and Ralph Rhoads.

Miss Corinne Snyder, daughter of Mr. and Mrs. O. W. Snyder, entertained a number of her playmates and friends from 4:30 to 8:30 o'clock last evening in celebration of her eleventh birthday anniversary. Games were played out of doors until supper time. Frock That Can Be Made in One Day

By Mrs. Jane Ford.

6 SIZES 32 TO 42 BUST

The new sheer goods are positively irresistible and they are made doubly attractive by their inexpensiveness, and if one has a plain, simple pattern, such as that shown above, there is no reason why a dainty little frock, that will be cool and comfortable for wear during the warm weather, cannot be made in less than one day's time.

The pattern for such a garment may be secured in six sizes, and will fit women from thirty-two to forty-two inches bust measure. To copy it for the average woman requires seven and one-half yards of material thirty-six inches wide, or five and one-half yards forty-four inches wide.

Sheer materials made in this style will be becoming to either stout or slender women, for the pattern is so arranged that the fullness below the yoke and the fullness at the top of the skirt may be confined either by small tucks or by gathers. When the latter are used the effect will be quite as satisfactory as when the tucks are stitched, and with gathers much less time will be needed for the making.

More time will be saved if one has a round yoke or collar of lace or Irish crochet that can be fitted to the neck, and the body of the frock joined to the edge. However, should a woman be without such a yoke the making of it will not require a great amount of time, if a piece of stiff paper is cut according to the design and then fitted to the neck and shoulders. To the paper the lace of which the yoke is to

be composed must be basted, and after it is in position the strips are joined, either by oversewing the edges or by a fagoting stitch done with heavy mercerized cotton.

As to the trimming of this frock, there are any number of pretty ways in which the insertion may be applied, because it is not necessary that the model shown in the illustration be followed.

The pattern does not provide for the deep flounce, as it requires only a straight piece of the goods, twelve to fourteen inches wide, and of sufficient length to hang moderately full when gathered.

pieces found in a discarded carpet they should be cleaned, for they will serve a number of purposes, such as a bath mat or a rug for placing before the sink, a square for concealing a worn piece of linoleum or oilcloth if practicable, and when carpets are of no use instead of throwing them away they can be made (re woven) into beautiful rugs.

ELIZABETH LEE.

SIMPLE REMEDIES FOR PERSPIRING HANDS.

When a person's hands are constantly moist the individual cannot do better than to consult a physician for such a state is the result of an unhealthy system, and medical treatment is necessary to correct the trouble. External applications may mitigate the condition (in addition to internal remedies), if something which contracts the pores and stops the excessive flow of perspiration is chosen. For this a French remedy convenient for many persons at certain seasons of the year is an extract made from horse chestnuts. These, by the way, are among the most powerful of astringents, and are used by the Parisians in many different cosmetics when bleaching is desired.

The horse chestnut extract is made by shelling and blanching the nuts, as one would almonds. They are then broken and put into a warm—not hot—oven, to remain for hours until they become quite dry and hard. The pieces are then reduced to a powder by pounding. Then a tablespoonful is put into small cheesecloth bags that are sewed to prevent leakage, and the bag is thrown into warm water about five minutes before the hands are washed. It should be hung to dry when not in use, so it will serve for four or five times.

A mixture to be prepared at any season of the year is made from one teaspoonful of muriate of ammonia, a tablespoonful of aromatic vinegar, and one quart of soft water. The hands are soaked in this for fifteen minutes, morning and night, and as they must be clean before using, the same bath will serve as long as the liquid lasts. Only the palms and fingers need be immersed. This is done by pouring the liquid in a plate and stretching the hands flat, palms down.

Spirits of camphor is a liquid that may act beneficially upon moist palms, and may be used as frequently as is desired. It should be kept from the back of the hands, as it is too drying for the outer surface.

MARGARET MIXTER.

Mob Cap Style Wedding Veil

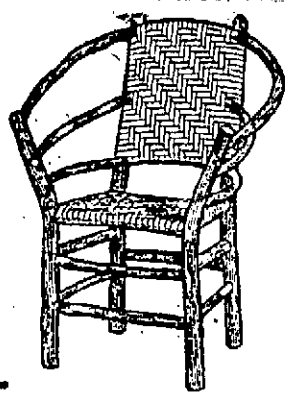

BRIDES' LACE VEIL DRAPEY. PHOTO BY JOEL VEEER.

The June bride who has not height to set off the long lines of her wedding gown may adopt this new arrangement of the wedding veil, which seems to add several inches to the wearer's stature. The veil—a bordered affair of French lace—is shirred at the center of one side into a little puffed crown, which is caught to a circle of wire. This wire circle sets around the collar, which, of course, is dressed high on the head. A wreath of orange blossoms covers the shirred stitches.

TREATING CORNS.

A physician recommends this way of curing a corn: Take half a dozen or more pieces of sticking plaster and cut in them holes the size of the corn. The plaster is then put over the hole. Every day the cover is taken off and another drop put in. In eight or ten days the corn is said to be gone. In using this plaster is piled on top of each other and then is placed about the sore so that the latter is exposed, but protected from pressure. In the hole, over the corn, is put a drop of saturated solution of caustic soda. A piece of plaster is then put over the hole. Every day the cover is taken off and another drop put in. In eight or ten days the corn is said to be gone. In using this plaster is piled on top of each other and then is placed about the sore so that the latter is exposed, but protected from pressure. In the hole, over the corn, is put a drop of saturated solution of caustic soda. A piece of plaster is then put over the hole. Every day the cover is taken off and another drop put in. JAMIESON CITED TO APPEAR BEFORE JUDGE

Must Show Why Gambling
Devices Shall Not be
Destroyed.

Gene Jamieson has been ordered to
appear in the city court on June 7 and
show cause why the gambling para-
phernalia captured in Mayor Hoesy's
personally conducted raid on the
Kleindinst establishment shall not be
destroyed and if the police can find
him the notice will be served upon
him. This notice was filed in the court
today by Deputy Prosecutor Harry
Hilgemann and placed in the hands of
Bailliff George Strodel.

Attorney John W. Eggeman ap-
peared in court this morning but made
no move other than to ascertain what
action had been taken and he said he
would try to prevent the destruction
of the roulette tables, slot machines
and poker chips now in possession of
Sheriff Reichebender.

Schallman Case Continued.
The case against Abraham Schall-
man, charged with obtaining about
\$2,000 worth of hides from West Bros.
by false representations, was certified
to the circuit court under a bond of
\$2,000 and he says he will be able to
secure his release. He was captured in
Chicago yesterday by Chief of Police
Ankenbruck and brought to Fort
Wayne.

He had been securing orders for the
firm on commission and it is alleged
against him that on the representation
that he had been empowered to select
a big consignment for a Chicago firm
he selected and had shipped to Chi-
cago the goods. It is also said he has
the consignment concealed and will not
return the goods or tell where they
are.

The Other Cases.
Thomas O'Brien, plain drunk and
abusive to the officers, got \$5 and
costs.

A petit larceny case against Jesse
Fekker was continued until Thursday.
Ed Chrisman, charged with taking
a valise belonging to Adam M. Lackey,
of Grover Hill, O., and rifling it, was
held until June 1 under a bond of \$500.
The grip was taken last night from
the Pennsylvania station.

Ed Swayne, charged with beating a
boarding house, settled and was re-
leased.

Watermelons

And so you thought the busi-
ness of a railroad was to haul
freight and passengers from one
place to another?

Dear! dear! how old-fashioned
your notions are!

The chief business of a railroad
is market-gardening, and the
fruit is a luscious type of melon
which the owners cut up for
themselves.

A melon crop worth \$400,000-
000—perhaps more—has rewarded
the gardening efforts of James
J. Hill and his associates.

Charles Edward Russell tells
how two very able Boston lawyers
got into Mr. Hill's history and
laid bare every transaction in his
remarkable melon-growing re-
cord. *The results will make you
gasp.* For the first time in the
history of giant corporations the
whole process of stock watering
is here set forth in clear, under-
standable style.

If you are interested in grocery
or clothing bills—or if the cost
of living affects your peace of
mind—you need to read this
article. It will help you learn
why prices keep going up.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons
and Events Twenty-Five Years Ago.

Dan Souder, the popular clerk of the
criminal court, will run an excursion
to Rome City Saturday, June 14.

Councilmen Vordermark, Scheid
and Michael inspected the feeder canal and
the St. Joe river last Monday. They
will report to the council next Tues-
day evening. These gentlemen com-
pose the new waterworks committee,
and their opinion is awaited with in-
terest.

At the concert given at Plymouth
Congregational church Tuesday even-
ing the recitation and trombone solo

by Master Burns Douglas, whose age is
only 5 years, was loudly applauded.
"Old Shady" was nicely sung by
Messrs. Alf and Perry Lukens, Housch
and Hanna.

Up to date 346 tickets have been
subscribed at \$10 each for the opening
performance at the Masonic Temple
theater early in December. The names

RESTORES PLEAS- ING PLUMPNESS

Samose Sold Under Leading Drug-
gist's "No Cure No Pay" Plan.

There are a good many people in
Fort Wayne who ardently wish they
could find some way of getting fat and
plump. While not ill, yet they are so
thin and scrawny that their friends
think they cannot be well. In nine
cases out of ten this condition can be
readily overcome by using the combi-
nation of flesh-forming foods known
as Samose. This little tablet taken
three times a day with the food does
wonders in building up good health
and restoring the pleasing plumpness
that is so desirable.

Before the discovery of Samose, peo-
ple who were thin, weak and run
down were advised to take some
nauseous preparation of cod liver oil,
but now with this flesh-forming food
in palatable form nothing at all dis-
agreeable is necessary to gain weight.
Your druggist has the agency for
this preparation and sells it with the
promise that if it does not do all that
is claimed for it in making people gain
in weight and in health, the money
will be refunded.

You certainly can afford to try a 50c
box on this plan, as Samose will cost
you nothing unless it gives satisfac-
tion. Sent postpaid on receipt of
price, 30c. For sale by Meyer Bros.
Co.

Persian Nerve Essence

RESTORES VITALITY—Have cured
thousands of cases of Nervous Debility
and Insomnia. They clear the brain,
strengthen the circulation, make digestion
perfect and impart a magnetic vigor to
the whole being. All drains and losses
stopped permanently. \$1.00 per box, 6
boxes guaranteed to cure or refund
money, \$5.00. Mailed sealed. Book free.
Persian Med. Co., 925 Arch street, Phila-
delphia. Sold in Fort Wayne only at
Meyer Brothers Co., Three Drug Stores.

Latest News and Gossip of the Sporting World.

WHEELING WINS THE FIRST GAME OF SERIES

Corns Was Hit When the Stogies Needed Hits to Win.

Wheeling, W. Va., May 25.—Fort Wayne failed to hit Richardson during the first four innings of the opening game here and made only one run off him in the entire contest, while the Stogies hit Corns hard and at times when hits were productive, and made four tallies. The score:

Table with 2 columns: Player, AB, R, H, PO, A, E. Rows include Blount, Lindsay, Elston, Channell, McDermott, Freeman, Dickey, Clark, Corns, Totals.

Table with 2 columns: Player, AB, R, H, PO, A, E. Rows include Donahue, McKelchie, Jewell, Soffel, Meyer, Salm, Stratton, Richardson, Totals.

Summary: Sacrifice hits—Elston, Dickey, McKelchie, Salm, Stratton. Two-base hits—Freeman, Geyer. Three-base hit—Soffel. First base on balls—Off Richardson, 3; off Corns, 4. Struck out—By Richardson, 8; by Corns, 2. First base on errors—Fort Wayne, 2; Wheeling, 1. Left on bases—Fort Wayne, 11; Wheeling, 6. Doubles—McKelchie to Soffel to Salm; Richardson to Soffel to Salm. Hit batsmen—By Richardson, 2. Time of game—1:40. Attendance—1,300. Umpire—Jacobs.

HOW THE RUNS WERE MADE.

Soffel got the first run of the game in the second inning when he hit for two bags and scored on Salm's single. Clark was responsible for the next run when he took a wild peg at first to catch Donahue after he had drawn a base on balls and let the runner go to third. Soffel hit and scored him.

In the sixth inning Corns was in distress and the first three men up hit him for singles, scoring one run and a sacrifice fly put the second run of the inning over.

Fort Wayne failed to get a run across until the eighth. Blount opened with a single, Lindsay moved him up with a hit and Elston got him home with a bingle.

NOTES OF THE GAME.

Wheeling has been winning in good shape and the two teams drew a first place in the standing. There were several times during the game when a hit would have sewed the game up for Fort Wayne, but Richardson was successful in the tight places. Eleven Fort Wayne players died on the bases.

Richardson hit two men and passed three. Corns was also a bit wild and he passed four men, one of whom scored. Soffel had a good day. Out of four times up he got two runs and three hits. Tony Freeman got an extra base, but neither of them were picked off when men were on bases.

We will sell thirty dozen Boys' All-Wool Knee Pants this week at 25c a pair.

HOFMAN'S HOME RUN WON GAME FOR CHICAGO

Hit for Four Bases in the Eleventh and Won for the Cubs.

New York, May 25.—Three times terrible drives came at the most unexpected moments and at the most unexpected times turned the tide in the game between Chicago and Brooklyn, until finally Hofman's home run smash in the eleventh inning, which came after two men were out, gave Chicago the verdict by a 4 to 3 score. The score:

Table with 2 columns: Player, AB, R, H, PO, A, E. Rows include Chicago, Brooklyn, Batteries, Two-base hits, Three-base hits, First base on balls, Struck out, Time of game.

ST. LOUIS, 3; NEW YORK, 1.

New York, May 25.—St. Louis conquered New York, 3 to 1, because of costly errors made by the Yankees and the local inability to hit Lash with men on bases. Doyle's misplay on Charles in the seventh gave the visitors two runs, and Konechky, who tallied in the sixth, reached first on a low throw by Devin. Manager Bresnahan of St. Louis was presented with a silver loving cup by his New York admirers prior to the game, and at a banquet given in his honor last night received a punch bowl. The score:

CINCINNATI, 5; PHILADELPHIA, 1.

Philadelphia, Pa., May 25.—Cincinnati defeated Philadelphia by a score of 5 to 1 by scoring four runs on three hits and two errors. The score:

Pittsburg, 6; Boston, 2.

Boston, Mass., May 25.—Pittsburg took advantage of Ferguson's wildness and defeated Boston, 6 to 2. The score:

BOOSTING SYLVAN LAKE.

Grand Rapids Road to Issue Elaborate Folder for Summer Resort. Rome City, Ind., May 25.—According to E. O. Wagner, commercial agent for the G. R. & L. this company is going to boost Rome City this summer as it has never done before. The printers now have in preparation the most elaborate illustrated folder ever issued in the interest of Sylvan lake resort. It treats comprehensively of the interesting points to be visited, the boating facilities, location of springs, bathing beaches and other features, besides useful information for cottagers and occasional visitors.

In it is incorporated a complete directory of the cottagers and the location of cottages, giving the numbers of each summer home in accordance with the system recently adopted by the Rome City Cottagers' Improvement association. A new map of the lake is also a part of this interesting folder and Mr. Wagner recommends that every owner of a cottage leave with Mr. M. F. Owen, agent at the resort, any facts that would be well to have appear in this railroad publication. It will have immediate attention.

The auditorium, dance hall and other privileges of Island park are at the disposal of cottagers and excursionists during the summer. Entertainments may be scheduled for day and evening at these places providing meetings or entertainments do not conflict in dates.

TIGERS DRIVE NICK ALTROCK FROM MOUND

First Appearance for Washington Proves Great Disaster.

Detroit, Mich., May 25.—Altrock made his first appearance in a Washington uniform, and was forced to retire in the third inning. Smith, who replaced him, was hit hard and indulged in three expensive wild pitches. The game was a slow, one-sided affair, marked by nothing of interest, other than the hitting of Cobb and Milan. The score:

Table with 2 columns: Player, AB, R, H, PO, A, E. Rows include Detroit, Washington, Batteries, Two-base hits, Three-base hits, First base on balls, Struck out, Time of game.

CHICAGO, 2; NEW YORK, 1.

Chicago, Ill., May 25.—Chicago made it two straight from New York, winning 2 to 1. The score:

CLEVELAND, 5; PHILADELPHIA, 2.

Cleveland, O., May 25.—Cleveland took the first game of the series from Philadelphia, 5 to 2. The score:

JOHNSON FEARS LANGFORD.

New York, May 25.—Jack Johnson, the heavyweight champion, has decided to remain in this country and arrange several fights before his coming championship fight with Ketchel next October. Johnson was to sail for England today, but as he has indicated his willingness to fight Al Kaufman in a few weeks he decided early today to cancel his trip abroad. The champion will now train for his bout with Kaufman and arrange for other fights. It is not unlikely that Johnson will seek to have his bout with Ketchel set back so that he can have plenty of time to get into condition.

I CURE PELVIC, NERVOUS and CHRONIC DISEASES

Reduced Fees Until June 1st

SCIENTIFIC and THOROUGH EXAMINATION—I have made it a point never to treat any case until I had made a careful and thorough examination and definitely located the cause of the trouble. This takes time, care and a complete and scientific knowledge of the parts affected both in health and in disease. The human body is a most complicated piece of mechanism. In fact, so complicated that it is impossible for any one person to thoroughly understand its normal, or healthy, condition. How much more impossible, then, would it be to understand all the diseased conditions that may arise!

Knowing as I do the absolute futility of attempting to successfully treat every disease, I have limited my study to PELVIC, CHRONIC and NERVOUS DISEASES, and my many years of experience in their treatment have enabled me to perfect methods which will positively and permanently restore to perfect health nearly all these conditions in which the ordinary methods have failed.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this, of course, compels me to refuse to treat a great many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. This is the reason my business has grown to such remarkable proportions. That I have, beyond a question, the best business of my kind in the state and the hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of CHRONIC or imperfectly treated PELVIC DISEASES. By my special methods in the treatment and care of these diseases I not only remove every trace of the disease itself, but am able to restore to a normal and healthy condition the broken-down and debilitated nervous system.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases. ECZEMA and other skin diseases quickly cured.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolleys are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all male adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or cathartics, which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

LOOSE FIELDING BY CONNOLLY WINS HIS GAME FOR THE BABES

Opportune Hits Sent in Runs—Benders Lose to the Tots.

Zanesville, Ohio, May 25.—Joe Connolly, recently secured from Little Rock, where he was turned down after a try-out, pitched the first game yesterday since his return to Zanesville and the timely hitting behind him coupled with Dayton's errors enabled him to win eight to one. The pitcher hit for a home run with two men on the bases and although Dayton got two more hits than the Potters they were scattered and not productive. The score:

Table with 2 columns: Player, AB, R, H, PO, A, E. Rows include Dayton, Zanesville, Batteries, Two-base hits, Three-base hits, First base on balls, Struck out, Time of game.

MILWAUKEE, 4; ST. PAUL, 2.

Milwaukee, Wis., May 25.—The league leaders won their fourth straight game from the tail-enders yesterday by a score of 4 to 2. Lefty pitched good ball until the eighth, when five hits and a pass gave the home club three runs. The score:

COLUMBUS, 5; TOLEDO, 2.

Toledo, O., May 25.—Columbus hit Lattimore hard and won the game handily, 5 to 2. The score:

LOOKING FOR A GAME.

The Fort Wayne & Wabash Valley Traction company team is open for a game with any commercial or mercantile team in the city for Saturday afternoon at Robinson park. Communicate with J. B. Weidemann, phone 2696.

ECZEMA IS NOW CURABLE.

Zemo, a clean liquid for external use, stops itching instantly and permanently cures eczema and every form of itching skin or scalp disease. Meyer Bros. Co., the druggists, say they have been shown positive proof of many remarkable cures made by Zemo and that they endorse and recommend it and believe Zemo will do all that is claimed for it. Ask for sample.

THINK THIS OVER.

We offer your money back if you use a large bottle of Rexall "99" Hair Tonic and are not satisfied with what it does for you. We do this because it seldom fails to effect a complete cure of dandruff, scalp irritation and falling hair. Can you ask a better argument why you should try it? Two sizes, 50c and \$1.00. Meyer Bros. Co., Three Drug Stores, The Rexall Store.

Notes of the Central League

John Somerlott, who strained himself while he was playing here with Terre Haute, is out of the game and Goes is playing his position on first base. Barney Schrieber, who was farmed to Terre Haute in 1908, has been sold by Indianapolis to the Tot management and will join the club in a short time. He is the left hander who gave eleven bases on balls on the Fort Wayne lot and won his game. Friday is an off day in the Central league schedule and unless the teams conclude to play off some postponed games, there will be nothing doing. This is a hard blow on female fandom as it is a general ladies' day all over the circuit.

Down at Zanesville they call Harry Hammond the prodigal son and one who published a little rhyme about the Fort

Wayne pitcher and his prowess. The rhyme is too amateurish to reproduce. The Stogies have gotten the fans of Wheeling back into the habit of going to the ball park and on Saturday afternoon, despite the fact that a circus played in the lot across the street, nearly 1,500 saw the Vets go down to defeat. On Sunday afternoon over 2,000 made the trip out to Richland park.

Dayton News: While Manager Myers would not commit himself, there is good reason to believe that he has a deal or two under way and a new face is expected to show among the Old Soldiers, possibly before they finish their series at Zanesville. Myers is particularly anxious about his pitching staff and while he is eager to get a good man at once he does not care to do any more experimenting. The next twirler that joins the team will probably be an experienced pitcher.

BECOMING A MOTHER

Is an ordeal which all women approach with dread, for nothing compares to the pain of child-birth. The thought of the suffering in store for her robs the expectant mother of pleasant anticipations. Thousands of women have found the use of Mother's Friend robs confinement of much pain and insures safety to life of mother and child. This liniment is a God-send to women at the critical time. Not only does Mother's Friend carry women safely through the perils of child-birth, but it prepares the system for the coming event, relieves "morning sickness," and other discomforts. Sold by druggists at \$1.00. Book of valuable information mailed from THE BRADFIELD REGULATOR CO., Atlanta, Ga.

DR. HARDMAN, Specialist

I CURE PELVIC, NERVOUS and CHRONIC DISEASES

Reduced Fees Until June 1st

SCIENTIFIC and THOROUGH EXAMINATION—I have made it a point never to treat any case until I had made a careful and thorough examination and definitely located the cause of the trouble. This takes time, care and a complete and scientific knowledge of the parts affected both in health and in disease. The human body is a most complicated piece of mechanism. In fact, so complicated that it is impossible for any one person to thoroughly understand its normal, or healthy, condition. How much more impossible, then, would it be to understand all the diseased conditions that may arise!

Knowing as I do the absolute futility of attempting to successfully treat every disease, I have limited my study to PELVIC, CHRONIC and NERVOUS DISEASES, and my many years of experience in their treatment have enabled me to perfect methods which will positively and permanently restore to perfect health nearly all these conditions in which the ordinary methods have failed.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this, of course, compels me to refuse to treat a great many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. This is the reason my business has grown to such remarkable proportions. That I have, beyond a question, the best business of my kind in the state and the hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of CHRONIC or imperfectly treated PELVIC DISEASES. By my special methods in the treatment and care of these diseases I not only remove every trace of the disease itself, but am able to restore to a normal and healthy condition the broken-down and debilitated nervous system.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases. ECZEMA and other skin diseases quickly cured.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolleys are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all male adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or cathartics, which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

EXCURSION COMMITTEES.

Irman Hobrock Names Men Who Will Compose Them.

Chairman J. H. Hobrock, of the Pennsylvania Company Excursion Association, has named the men who will compose the various committees who have charge of the annual excursion of the employees of the company, which takes place this year on Monday, June 14, at Rome City. The personnel of the committees is as follows:

Transportation—H. T. Hogan, chairman; C. E. McKeehan, H. L. Bley, J. Elliott, H. Stoll, R. J. Lyons, E. H. Land.

Food—C. P. Cherry, chairman; W. L. Whit.

Entertainment and Badges—J. A. Graham, chairman; E. B. Grist, G. E. Graham, H. Sten, G. A. Szink.

Music—E. E. Dilland, chairman; E. J. D. Corlett, P. J. Sweeney, et al.

The usual arrangements for the entertainment of the excursionists and especially the children and the women will be made and it is hoped to make this the enjoyable affair that its predecessors were. Ample accommodations for handling the crowd and the resort will be furnished by the railway company and it is believed will be upwards of 2,000 people.

A LITTLE RED SPOT

Experiment by Which It May Be Made to Disappear.

A peculiar feature about psoriasis, the skin disease, is that no one is to be found without first sending to emergency laboratories No. 32 West 45th street, New York City, for experimental sample and applying to an affected part of the skin, the size of a silver dollar. It is the spot so treated in twenty-four hours—a remarkable visual demonstration of its power.

Psoriasis has been mentioned previously in connection with the cure of the most stubborn of skin diseases. It must be remembered that when for itch, hives, pimples, blotches, itching feet, scaly scalp, chafing hands and similar minor skin troubles, it is all the more pronounced, being seen after an overnight application. As only a small quantity of psoriasis is necessary to cure such cases, a fifty-cent cure, usually sufficient, has been placed on sale at Meyer's Company and other leading drug stores in Fort Wayne and throughout the city.

PARTIAL PARALYSIS

MAY BE ENTIRELY OF A FUNCTIONAL CHARACTER.

It is Not Necessary to Accept It as Hopeless Since There Are Many Well Authenticated Cures.

There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood which, under healthful conditions, carries the elements needed to rebuild wasted nerve tissue.

Let the blood become denatured and deficient in these elements and the nerves will be badly nourished and headach, neuralgia, sciatica, functional paralysis and a host of other nervous troubles may result.

In severe nervous disorders Dr. Williams' Pink Pills have accomplished many seemingly impossible cures. Such an instance was the case of Mrs. Elizabeth Stratton, of No. 1126 Dewey avenue, Beloit, Wis. Mrs. Stratton has lived at her present address for the past six years and there is no room for doubt regarding her statement. She says:

"I had been ailing for some time through overwork and worry, when my right side suddenly became partially paralyzed. I could not move for some weeks without taking hold of a chair. My right leg and arm were affected so that I could not use them. My nerves were in a terrible state. I shook all over and was excited by the least little thing. For weeks I could not sleep. My appetite was poor and I was a nervous wreck."

"I doctored with local physicians at Quincy, Ill., who said I had partial paralysis caused by a nervous shock. I did get a little relief from them but it was only temporary. Through a friend I was induced to try Dr. Williams' Pink Pills. This was after I had been ailing for over a year. I was then up and around but could not walk. The pills soon helped me and finally entirely cured me. My daughter also used the pills for a run-down condition of the blood and they helped her at once."

While so promptly effective, Dr. Williams' Pink Pills contain no harmful stimulants or opiates. They are perfectly safe and create no drug habit. Our booklet, "Nervous Disorders," will be mailed free on request to any address. Send for a copy today.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, in boxes of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

It from putting the three-cent rate into effect. Judge McPherson has dissolved the injunction issued by the circuit court here. We have instructed all our agents to sell tickets in Missouri at 3 cents a mile, and this rate will continue indefinitely.

"The Katy is acting independently in this matter. We are charged by Attorney-General Major with being in a conspiracy to establish an unlawful rate, but this road has acted independently of the other Missouri lines in the rate controversy. We do not know what the other roads are going to do in the matter of restoring the three-cent-a-mile rate."

LEE ELECTED PRESIDENT.

B. R. T. Again Places Him at Head of Roster.

The Brotherhood of Railway Trainmen, which is just completing its biennial convention at Columbus, Ohio, last evening re-elected W. G. Lee, of Cleveland, grand master of the order, or president as the office will be styled hereafter. A. R. King, the general secretary, and D. L. Cease, the Journal editor, were also re-elected, each without opposition. T. R. Dodge was re-elected assistant to the president and Valentine Fitzpatrick, A. F. Whitney and James Murdock were elected first, second and third vice presidents respectively. The only business of importance to transact today is the choice of a convention city for the next gathering and in this Toledo seems to have the lead. The convention may adjourn tonight.

NEW ENGINES FOR G. R. & I.

Two of the four passenger engines ordered from the American Locomotive works at Pittsburg for the Grand Rapids and Indiana road arrived last night and will be taken to Grand Rapids tonight to go into service on the Northern division of the line. The other two will arrive the latter part of the week and they may be put into service on this division, though that matter has not been fully decided.

These engines are of the class G-4-B, have three pairs of 68-inch drivers and are considered first class for service on the G. R. & I. road.

B. R. T. TO ATTEND FUNERAL.

The funeral of the late Yard Conductor Thomas Moore, of the Wabash, which takes place from the family residence on Hoagland avenue at 3 o'clock tomorrow afternoon, will be under the auspices of Fort Wayne lodge No. 136, B. R. T., of which the deceased was a member. The pallbearers will also be members of the brotherhood. They will be George Mohl, C. Morris, Fred Thieboldt, R. E. McNally, J. J. Kelly and W. A. McNally.

RETURNS HERE TO STAY.

Merrill Walsh, who has been employed by the Missouri Pacific at St. Louis for some time, arrived in Fort Wayne last night and will remain here providing he finds employment to suit him. Mr. Walsh worked in the Wabash freight office before he took employment with the Missouri Pacific at St. Louis and he called there this morning to see the men who were his office associates for a number of years.

FIRST TRIP IN TWENTY YEARS.

Tomorrow Ernest Roemke, fireman at the Pennsylvania planing mills, will take his first pleasure trip in twenty years, and with the exception of a week's sickness, the first lay off for a score of years. With Mrs. Roemke he will go to Lima, Ohio, to spend a few days with relatives and friends. For faithful service Mr. Roemke has not a superior in the employ of any railway in this city.

TO TALK ABOUT EXCURSION.

James A. Ryan, manager of the Cedar Point resort, will be in the city tonight to confer with the excursion

committee of the Fort Wayne Electric company's employees relative to the annual outing July 24. The committee has ninety members and the meeting will be held in the draughting room at the Electric works, which is sufficiently large to accommodate all.

MACHINIST DISABLED.

While at work in the Pennsylvania erecting shop yesterday, F. H. Roemke had one of his legs so badly injured that he was compelled to knock off work and return home. The injury will keep him from his work for some time.

INDUSTRIAL NOTES.

Andrew Hoffman, the molder, who has been sick for ten days, resumed work at the Bass foundry this morning.

Next Friday Mrs. F. C. Welch, wife of the Pennsylvania engineer, will go to Van Wert to visit relatives and friends a few days.

Ed Schaefer, who came here to attend the funeral of his mother, Mrs. Mary Schaefer, left yesterday for his home in California.

A meeting of all agents, yardmasters and officials of the Nickel Plate has been called for May 27, at the Y. M. C. A. in Bellevue.

J. J. Disher, of the Pennsylvania motive power department, and Mrs. Disher are attending the funeral of a relative in Lafayette today.

Fireman H. A. Cline, of the G. R. & I., has taken a week's lay off for the purpose of visiting his folks at La Grange, his former home.

O. W. Tresselt, of the City Mills, who had been enjoying a trip abroad, arrived home this morning after an absence of several weeks.

J. Burns has taken the position as hammer driver in the Wabash blacksmith shop which was vacated by C. C. Robertson a few days ago.

Chief Electrician A. L. Hadley, of the Fort Wayne Electric works, has returned from Madison, Wis., where he went on business connected with the branch works in that city.

Eight farmers left over the Pennsylvania today for Chicago and thence to the Pacific coast. They will go via Seattle and attend the exposition and then spend several weeks in California.

T. W. Starke, an operator of a bottling machine at the Pennsylvania blacksmith shop, has recovered from an injury to one of his hands early last week, and reported for duty this morning.

C. W. Adams, Peter Berg and A. Fensler, Pennsylvania shopmen, are sick and off duty and P. J. Ault and J. J. Haas, who had been sick, reported for work in the boiler shop this morning.

J. M. Wyandt went to Decatur, Ill., today to take treatment for an injured eye, the result of an accident at the Wabash boiler shop, where he is employed.

Mrs. Bert Harding, of Forest, Ohio, who has been visiting her parents, Ernest Lenz, of the Pennsylvania planing mills, and his wife, left for her home today after being here three weeks.

F. G. Gebert, of the Pennsylvania road house, went to Warsaw this morning to spend a few days with his father, Engineer Gebert, who has charge of the engine on a Pennsylvania work train.

Five of the new engines recently ordered by the Nickel Plate from the Brooks Locomotive works have been delivered to the company and are stored in the shops of the company at Conneaut.

Supt. E. H. Hudson, of the G. R. & I., arrived home at noon today. He had been east looking after some railway business. Mrs. Hudson, who accompanied her husband on the trip, also returned today.

The Fort Wayne Foundry and Machine company will complete and ship to Flat Rock, Mich., in a few days a sixty-horse power gas engine, which will be installed in the Bente Brothers' factory.

A. W. Thompson, assistant foreman of the Pennsylvania blacksmith shop, reported for work this morning. With Mrs. Thompson he had been visiting and attending to some private business in Erie, Pa., their old home.

J. S. Verrall, yardmaster of the Nickel Plate, has gone to Grand Rapids, Wis., for a visit with relatives and friends and for a little respite from labor. During Mr. Verrall's absence the yards will be in charge of Conductor Frank Grime.

Secretary J. W. Burns, Crawford Griswold and D. D. Miller, who will represent the Railroad Y. M. C. A. of this city, at the thirteenth conference of the International Railroad Y. M. C. A., at St. Louis, will leave for that city tonight. The conference promises to be the best ever held.

Conductors W. H. Walker and A. B. Conn are absent from their duties on the Nickel Plate on account of sickness. E. T. Stevenson, another conductor on the Nickel Plate, was ready to take his run out when his wife was taken suddenly ill and he was compelled to send a substitute out.

Operator A. S. Kiger, of the Nickel Plate, was summoned to Columbus, O., yesterday by a message stating that his mother was very sick at her home in that city. C. A. Brown, the Cincinnati operator, was called here to take Mr. Kiger's place at the keys in the yard office.

Frank Ray and Harry Hilberry, of Allegheny, are here today on business with the Pennsylvania officials. Mr.

For Headaches

Caused by sick stomach, ill-regulated bile, sluggish bowels, nervous strain or overwork, the safest and surest remedy is

BEECHAM'S PILLS

Sold Everywhere. In boxes 10c. and 25c.

Ray is the road foreman of engines of the eastern division of the Pennsylvania and Mr. Hilberry is the assistant master mechanic of that division. Both are well known here and were busy greeting old friends during the early hours of their visit.

Roy Kurts, Wabash freight brakeman, who works with Conductor Sterling on Port-Fort Wayne local, has been laid up for the past several days on account of an injury sustained at Huntington by getting a foot caught under the running board of the engine, causing a leg to be mashed.

Engineer Bert West, C. H. Minner, A. E. Evans and George Likely, who had been off duty several days for various reasons, resumed work on the Nickel Plate yesterday. Fireman G. A. Long, who had been engaged in making garden a week, also reported yesterday. Engineers Charles Crosby and H. W. Frase are still at Lake James, where they have cottages, and Engineer G. A. Long is sick with the mumps.

J. F. Long, E. W. Hinkle, W. R. Pierce and T. H. Gallivan have reported for duty on the Nickel Plate after being absent for various terms and reasons. Mr. Gallivan had trouble with his eyes. Mr. Pierce was detained at home by the illness of his wife, Mr. Hinkle was looking after some private business and Mr. Long had been attending to some legal affairs in the western part of the state. Mr. Long is a passenger conductor.

Engineer John Hood is the cause of the sudden and intense interest in pleistocene matters displayed by Nickel Plate engineers and firemen. Sunday evening Mr. Hood came home from Claypool with 100 shad, the result of twelve hours' fishing at the lake at that place. Fireman Ed Wormen and W. O. Chaney took one look at the string of shad and then began preparations for a trip to Claypool, going there yesterday. Others are making preparations for a similar trip as soon as they can get off duty and if they are successful there will be others to go later.

Dr. J. Slon Smith, of the Bass works, received news this morning of a proposed change affecting his son-in-law, Joseph Dine, for the past three years connected with the Hayes hotel at Warsaw. Mr. Dine has accepted the position of manager of the Victoria hotel at Gary, Ind., taking charge June 1. He has had practical charge of the Hayes hotel at Warsaw for two or three years, the time of the owner, W. W. Reed, being devoted to the hotel at the park, and he is said to be an excellent landlord and hotel manager. Mr. Dine resided in Fort Wayne for a short time before going to Warsaw and has made frequent visits here since and is known to many of our people.

Use for Arithmetic.

"Even the board of foreign missions has come to us," he said. "The board wants us to print an arithmetic for the people of Uganda. I suppose the number of lions, tigers and giraffes slain by our beloved former president."

This was one of the requests made by Dr. Judson Swift, D. D., of New York, secretary of the American Tract society. In presenting the report of the society, he pleaded for more funds. He found a new cause for what he believed was a lack of interest in Christianity in America.

The greatest work yet to be done by

Use for Arithmetic.

"Even the board of foreign missions has come to us," he said. "The board wants us to print an arithmetic for the people of Uganda. I suppose the number of lions, tigers and giraffes slain by our beloved former president."

This was one of the requests made by Dr. Judson Swift, D. D., of New York, secretary of the American Tract society. In presenting the report of the society, he pleaded for more funds. He found a new cause for what he believed was a lack of interest in Christianity in America.

Proof of an Astonishing Occurrence

IT IS HERE AND MANY FROM A DISTANCE ARE WRITING.

When skeptical people are told of some astonishing event they will say: "I don't believe it." Therefore, it is always desirable to have good proof of an occurrence that is out of the ordinary. Proofs for the "don't believe it" class are right here, as scores of people of this county have been cured of chronic stomach, liver and kidney troubles, rheumatism and nervous weakness, within the past few months, after taking a few bottles of the wonderful Root Juice medicine.

Person after person has called on the local agent to tell of their cure, and many are writing from different parts of the country and telling of wonderful cures Root Juice is making. Mrs. C. H. Davis wrote from Zanesville, Ohio, and said: "I want to say a few words of praise for Root Juice. For over three years I was a great sufferer from stomach troubles. I doctored with some of our best doctors, without relief. They said I had cancer of the stomach; but whatever it was, four bottles of Root Juice has completely cured me."

A remedy that will cure a severe stomach trouble, that was pronounced cancer by some of the best doctors, is certainly a wonder and well deserves the praise of every one. The Root Juice medicine company has hundreds of testimonials from people whose word cannot be doubted, but local testimonials are so numerous that any one will be convinced by calling at Bradley Bros' drug store, successors to Wagner drug store, 627 Calhoun street.

PRESENT DAY LIVING IS DEPLORED BY PREACHER

Too Much Thought of Eat-and Drinkign for Well Trained Young Men.

Denver, Col., May 25.—"Grace is not usually said over champagne and lobster in a Newburg."

"Family altars are not raised over Persian rugs."

"Students for the ministry do not as a rule get their early training by running steam yachts."

These remarks by Dr. Joseph W. Cochran, secretary of the Presbyterian board of education, caused great interest in the Presbyterian general assembly yesterday.

Dr. Cochran, who is from Philadelphia, spoke in the afternoon on the report of the board of education, which deplored the lack of recruits for the ministry. The report was read by Dr. Edgar P. Hill, of Chicago, who stirred the assembly by his description of the ignorance among the ministers, due, he said, to the fact that no protestant denomination, and surely not the Presbyterian, had taken the trouble to stir up a sufficient number of ministerial recruits to work among the people.

"Why can't we get the young men to preach?" asked Dr. Cochran. "I'll tell you. In the first place, there is but little Christianity in the home. If there is any it is gone by the time the young man is ready for education."

Universities are Godless.

"Does he go for his education to a Christian school, a Presbyterian school? No. He goes to a godless state university and when he returns to his home town he puts religion at low ebb. And if your ministers find your churches at low ebb, know where to place the blame."

"The need in this board of education is not for more money, but for men. Now, we can not christianize these state universities, but we can put a shepherd in charge, and in this way keep these boys in the flock, although they are being educated at godless schools."

The report of the special committee on administrative agencies brought on a hot debate. The report, as read by Dr. J. D. Moffatt, of Pittsburg, president of Washington and Jefferson college, recommended that the various boards of the church seek legal advice to ascertain the possibilities of enlarging the administrative powers with a view toward consolidation with other boards.

Lack of funds was told of by the American Tract society and the board of freedmen in their annual reports. Dr. Judson Swift, of New York, secretary of the Tract society, said the society could do five times as much work with twice as much money as it received now.

Use for Arithmetic.

"Even the board of foreign missions has come to us," he said. "The board wants us to print an arithmetic for the people of Uganda. I suppose the number of lions, tigers and giraffes slain by our beloved former president."

This was one of the requests made by Dr. Judson Swift, D. D., of New York, secretary of the American Tract society. In presenting the report of the society, he pleaded for more funds. He found a new cause for what he believed was a lack of interest in Christianity in America.

the church," he said, "lies in the American home. America never will be saved until the threshold of the home is crossed. It is all very well to preach from the church, but the home remains unchristian. You must get into the home, for that is where the fault lies."

Dr. E. J. Cowan, of Pittsburg, treasurer of the board of freedmen, spoke in behalf of the report, asking more funds for the relief of the negroes of the south.

Rev. R. Mayer, of Tennessee, and the Rev. James G. Walker, of Greensboro, N. C., both negroes, also urged further support of the negro institutions in the south.

John Hiron, sr., who had been spending the winter with his daughters in Indian territory and Kansas, returned to the city today and will spend a few weeks with his son, Conductor John E. Hiron, of the city street car lines.

Let the Coal Fire Go Out

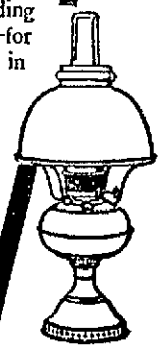

At the first suggestion of summer weather let the range fire die out, set a New Perfection Wick Blue Flame Oil Cook-Stove in a corner of the kitchen, and at once the family boiling, frying and baking may be done with comfort, because the "New Perfection" delivers the heat under the kettle and not about the room. Another convenience of the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is its CABINET TOP—a feature found in no other oil stove. Presents the appearance of a steel range. Fine for holding dishes—for keeping meals hot after they are cooked—for warming plates and for keeping towels handy. Made in three sizes—with or without Cabinet Top as desired. At your dealer's or write our nearest agency.

The **Rayo Lamp** gives a most agreeable light for reading, sewing or study—mellow, strong, continuous. No better lamp is made for every household use. If not at your dealer's, write our nearest agency.

News and Gossip

Mrs. William Garmen, 71, is dead at her home in St. Johns, DeKalb county.

Rev. Crandell Kidder, formerly an Elkhart minister, is dead at Longfellow asylum.

Mrs. Lucinda Welby, a pioneer resident of Noble county, is dead at her home near Kendallville, aged 85 years.

The big cannon recently secured from the war department has been mounted on the court house square at Auburn.

Mrs. Elizabeth Hale, 92 years of age, died Sunday at the home of her grandson, Rollo Brubaker, near South Whittier.

The five-weeks revival ended in Elkhart Sunday night. It cost about \$3,000 to hold it and 721 conversions are reported.

Uriah Herran, one of the oldest farmers of Huntington county, died Monday at his home southeast of Huntington.

Bob Gregory, of Decatur, has sold the greater part of his holdings at Clear Lake, and will make a tour of the northwest.

Rev. W. L. Morse, "the marrying man," of Auburn, will hold a reunion of those he has married at Clear Lake in June.

Mrs. A. E. Yoder, of Orland, died Saturday at Longfellow asylum, Logansport, where she had been a patient two weeks.

Emmanuel Reformed church, in Rockcreek township, Wells county, will celebrate the fiftieth anniversary of its founding next Sunday.

Morton Gaerte, of Thornecreek township, Whitley county, paid fine and costs aggregating \$27.50 for spearing fish in Cedar Lake Sunday.

The two-year-old daughter of Mr. and Mrs. Fred Trapp, of Garrett, was badly scalded when a teakettle of boiling water was overturned upon her.

James Roman, of Elkhart, is dead as the result of injuries received when he was struck in the stomach by a board thrown from a saw several days before.

The farm home of Burdett Goodale, in Scott township, Steuben county, was destroyed by fire Monday, and only a portion of the household goods were saved.

Dr. Pfaff, of Rome City, has leased the Spring Beach hotel for the purpose of converting it into a sanitarium. He has associated with him Dr. E. W. Hirschmiller, of Mt. Carroll, Ill.

As the result of a splinter in her finger two months ago, Mrs. William Caldwell, near Claypool, has developed blood poisoning and is expected to lose both her sight and her hearing.

Dr. Joseph E. Keely, formerly of Logansport, died suddenly at a banquet table while attending a banquet in honor of the graduating class of the Denver College of Physicians and Surgeons.

The board of health has ordered the closing of the old Huntington township high school, located just outside the city limits at Huntington and pupils will be transferred to the city schools.

According to the officials of the Bluffton, Geneva and Cella interurban company the financial end of the traction line has been gotten into shape and all will be ready for the beginning of the construction of the line within a short time.

The Knox Novelty company is the name of the new factory secured for Waterloo by the Commercial League of that city and the new company will be located there by June 1. Their product is extensively sold and consists of canvas gloves, novelties, etc.

The missionary society of the Methodist church will retain the real estate, notes and cash deeded to it six years ago by Elijah Hays, of Warsaw. That much was apparent when Judge Wrigley, of Albion, stated his findings in the case, but withheld his decision until a later date.

Leigh S. J. Hunt, who has made millions by his business operations in Korea and Egypt, spent Sunday with his mother, 78 years of age, in Etna township, Whitley county. Later Mr. Hunt took a special train to Fort Wayne, where he boarded the Manhattan limited for New York.

Hoscoe Holderman, 19 years old, was killed near Warsaw by a Wabash train late Saturday night. He was driving home from a party which he had attended and it is presumed was asleep in his buggy when the horse reached the railroad crossing just in time to be struck by the train.

Judge J. C. Branyan is critically ill at Huntington as the result of a fall Monday when he attempted to climb into a buggy. Weakened by recent illness, Mr. Branyan dropped between the wheels, the vehicle was backed over him and the horse trampled him severely before assistance came.

Lagrange has a drayman, Ephraim Harper, who, if he lives until the next Fourth of July, will be 82 years of age. He began draying in Lagrange in 1875. For a period of thirty years he has carried the mails between the G. R. & I. depot and the postoffice, and during all these years has never failed to be on time with the mails.

After having been reproved for some mischievous conduct, Ray Husselman, 14 years old, committed suicide Sunday at the home of Mr. and Mrs. Girt L. Gray, at Hamilton. The lad blew his brains out with a small rifle. The father of the lad lives at Butler, but the boy had been making his home with Mr. and Mrs. Gray.

The mangled remains of the boy found along the Pennsylvania tracks near Pierceton have been identified as those of George Sweeney, of Pittsburg, 13 years of age. He had been staying in Chicago with brothers, but longed to see his mother and had started eastward for that purpose when he fell from the train and was killed.

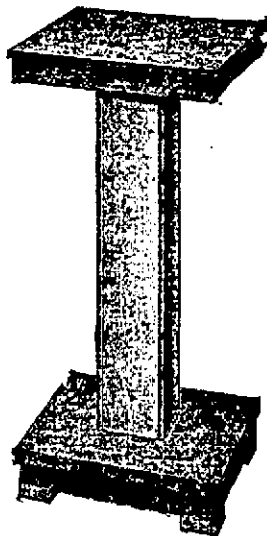

Recent northern Indiana incorporations include the following: The Hoagland State bank, Hoagland; capital stock \$25,000; J. L. Smith, president and J. R. Robinson, cashier. The W. R. Holden company, Butler.

The Methodist Episcopal church at Kendallville conducted an unique service Sunday in honor of its former pastors. Of the twenty-eight pastors who have served the church, sixteen have died and six are on the retired list. Nearly all the survivors sent letters of greeting and reminiscence for the occasion. The oldest of the former pastors is Rev. E. F. Hasty, now living at Warsaw, who was pastor from 1862 to 1864.

Mr. and Mrs. Tony Hetzner, of Peru, are living in a house in the cellar of which a corpse lies buried. They moved into the house Saturday morning, and on going to the cellar they discovered a small piece of what looked to be just a common piece of steel, but on further investigation proved to be a steel coffin. It seems that it was discovered when the cellar was dug by the owner of the house, but he sank it into the ground and kept it quiet

for fear he could not rent the house. There was a cemetery in that part of the city when Peru was young, and it is the supposition that it is one of the corpses that was not taken to the Oak Grove cemetery when they changed the location.

"Good-bye, Honey. I am going away. You have always been good to me, sweetheart, but I can't live with you any more. Good-bye." This was the text of a note which James Hostetter, of Oakdale, a suburb of Peru, found waiting for him on a table when he returned home Saturday. His wife had taken about \$25 and some silverware and boarded an eastbound interurban

WHAT A WOMAN WILL NOT DO.

There is nothing a woman would not do to retain her best beauty. She ought to be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine or Lane's Tea is the most efficient aid in preserving a beautiful skin, and will do more than anything else to restore the roses to faded cheeks. At all druggists and dealers, 25c. chu-11

car. Hostetter is making no effort to locate his missing wife.

Our Great Annual Sale

—OF—

Muslin Underwear

Opened Today

May 25, 9 a. m.

And Continues for Ten Days

There Is No Event

In connection with this store's service which means more to our patrons from a money-saving standpoint than the special values offered during this sale in muslin underwear. To those of our customers who have profited by our previous sales this announcement will be welcome and will meet with a liberal response, for they know that during this sale undermuslins of every sort are offered in greater variety and at lower prices than at any other time. This year we promise even better values than we have ever offered before.

Quality Counts; Price Sells
SALE OPENED TODAY, MAY 25.

Our Muslin Underwear

Is made by careful people in clean, sanitary factories and will satisfy the judgment of critical buyers. We have sold it for many years and know its worth. In the general style, in the quality of material, in the care in making, in the daintiness of trimming, every garment we show will measure up to the highest standard in the lower priced as well as in the finer grades. We include in this sale our stock of Stora's underwear and our imported hand-embroidered lingerie at special prices. Ten thousand pieces to choose from.

CITY BREVITIES.

Manager George F. Trier will open his dance hall at Robison park on Decoration day.

Henry Wayne is confined to his home, at 418 East Creighton avenue, by an attack of diphtheria.

It is said that Dr. Charles J. Eckert will remove from Marion to Fort Wayne and engage in the practice of his profession in this city.

Mrs. Susan Phares, of this city, has been sent to the county infirmary. She is aged and feeble and her relatives could no longer properly care for her.

One of the acts for the opening bill at the Alldome is already in the city. Its members came from Grand Rapids to Fort Wayne and will spend the week resting before taking up the summer engagement.

Dr. R. B. McKee and Dr. S. E. Mentzer will read the papers before the Allen County Medical society this evening and Dr. Alfred Kane and Dr. J. H. Gilpin will lead the discussions.

Attorney H. H. Hilgeman and Mrs. H. F. Hilgeman are in Indianapolis, attending the commencement exercises at the Indianapolis School of Dentistry. Mrs. Hilgeman's son Victor, is a member of the graduating class.

Mr. and Mrs. John Crean, formerly of this city, were among the guests in the hotel in Ensley, Ala., which was recently destroyed by fire. Mr. and Mrs. Crean barely escaped with their lives, losing all their clothing and other belongings. Mrs. Crean was formerly Miss Ella Gaff.

It is reported that during the past year just ninety-nine per cent of the Fort Wayne and Wabash Valley cars run between this city and Indianapolis have been on time. Though arriving within five minutes of schedule is considered "on time," the record is one which the company can well be proud of.

George Parker, of Perry township, has been awarded the sixty-dollar prize scholarship offered by the International Business college to the pupil making the highest grade in the eighth-grade examinations for graduation from the country schools. Parker's general average was 93 1/2 per cent.

John Lutz, a fireman at the municipal lighting station had two teeth knocked out and his face badly cut last evening when he was thrown from his bicycle against a telephone pole in hitting a chuck-hole on Clinton street between Jefferson and Lewis. Lutz attended to his duties last night, however.

Many of the members of Our Own Stock company, which has played during the past winter at the Alldome, left yesterday for Chicago. Mr. Nicholson, Mr. Preston and Mr. Jones, however, are still in the city. Mr. Jones, after a brief visit at Cincinnati, will return to sing the illustrated songs at the Alldome this season.

Members of the Henry W. Lawton Camp, No. 34, Spanish American War veterans, will gather at the Elektron building at 1 o'clock next Monday afternoon previous to joining in the parade. Commander Ralph M. Snyder asks that the full name, lot number and cemetery of all former comrades be forwarded to him that the graves may be properly decorated.

Meyer Bros. Co., Three Drug Stores, are pleased to announce to their customers that they have secured the agency for Zemo, the best known remedy for the positive and permanent cure of Eczema, Pimples, Dandruff, Blackheads, piles and every form of skin or scalp disease. Zemo gives instant relief and cures by destroying the germ that causes the disease, leaving a clean, healthy skin. See display and photos of cures made by Zemo at Meyer Bros. Co. Ask for sample.

Saturday we received a great shipment of "H. Kuhn & Co.'s Knee Pant Suits." They shipped us every suit they had in stock. There is not a suit in the line that is less than a \$10 suit and many of them are worth \$12 to \$15. Today we place them on sale at \$8.50. They are all hand-made suits.

PATTERSON-FLETCHER CO.

CONDUCTOR IS WEDDED.

(Huntington Times.)

Roy Dietrich, a conductor on the Wabash Valley line, has been a married man since April 25, although not even his most intimate friends have been aware of the fact. His bride was Miss Nellie Johnson and the ceremony took place in Michigan. Miss Johnson formerly resided in this city, but in recent years has lived in South Whitley. The couple will take up their residence in Fort Wayne. Mr. Dietrich let the news out and gave his friends the tip yesterday morning.

HOW TO CURE SKIN DISEASES.

The germs and their poisons which cause the disease must be drawn to the surface of the skin and destroyed. Zemo, a scientific preparation for external use, will do this and will positively cure Eczema, Pimples, Dandruff and every form of skin or scalp disease. See photos of many remarkable cures and show case or window display at Meyer Bros. Co. Three Drug Stores. Ask for sample.

NOTICE

FOR RENT—Large hall on third floor of 110-112 W. Wayne Street, suitable for lodge room or factory. Apply at Sentinel office. 2-20-tf

That Smile of Satisfaction

We've seen it on hundreds since we have been selling

BLACK AND WHITE CIGARS

And it's no wonder. The equal of an ordinary three-for-a-quarter cigar for a nickel would create on anybody "the smile that won't come off."

Black and White contains a filler of Cuban-grown leaf, wrapped in excellent quality of Sumatra wrapper, and its free, burning fragrance makes its popularity greater than any cigar for 5c that we sell.

Come in and get one and you'll wear that smile of satisfaction.

"Get the Meyer Quality."

Meyer Brothers Co.
Three Drug Stores.

OLDS COMPANY WINS.

Was Successful Bidder for City Schools Coal Contract.

The Olds Coal company was the successful bidder for the contract to supply the city schools with 2,935 tons of soft coal and 30 tons of hard coal for the coming winter, at \$8,414.45. The contract was awarded by the school board Monday evening. There were twelve bids submitted, as follows: East Wayne Coal company, \$9,146.50; G. H. Krudop, \$9,444.25; City Fuel company, \$8,559.75; Zurbach & Rinehart, \$9,023.35; United Coal Yards, \$8,816.40; Pioneer Coal and Wood company, \$9,293.50; William Knough Coal company, \$8,648.40; Maumee Valley Coal company, \$9,248; Walton Avenue Coal company, \$8,594.80; M. Frank Supply company, \$9,738.25.

The board adopted the tentative plans of Architect Meyer for the new Washington school, began the work of selecting teachers for next year and ordered the closing of the city schools all day on Monday, May 31, which is to be observed as Decoration day this year.

WAGON PINCHED BETWEEN CARS

Threw Street Car Off Track But Not Even Driver Winans Was Hurt.

An east-bound Lima interurban car struck a delivery wagon being driven by O. C. Winans, Baltes avenue, at the corner of Barr and Lewis streets Monday afternoon, swinging the wagon around in front of a west-bound street car. In being wedged between the two cars the wagon was completely demolished and the street car thrown off the track but neither Driver Winans nor passengers in the derailed car were injured.

REV. I. W. WILLIAMSON'S LETTER

Rev. I. W. Williamson, Huntington, W. Va., writes: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble and am free to say that it will do all that you claim for it." Foley's Kidney Remedy has restored health and strength to thousands of weak, run down people. Contains no harmful drugs and is pleasant to take. Dreier Bros.

FATHER THIELE AT GOSHEN.

Fort Wayne Priest Delivers Lecture on the Eternal City.

(Goshen Democrat.)
Rev. Father Charles Thiele, of Fort Wayne, son of Charles Thiele, of Goshen, last evening delivered a lecture on "The Eternal City—Rome," before a large audience gathered at St. John's Catholic church.

About a year ago Father Thiele made a trip to Europe and spent much time in Rome. During his lecture he conveyed to the audience an excellent idea of the wonders of the city and through out his talk was of unusual interest. Father Thiele spent Sunday here with his father and family and today returned to Fort Wayne where he has a very large church.

This is to certify that all druggists are authorized to refund your money if Foley's Kidney Remedy fails to cure your cough or cold. It stops the cough, heals the lungs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Dreier Bros.

POE NEWS.

(Sentinel Correspondence.)

Poe, Ind., May 25.—The Misses Ethel and Bertha Snider were guests Sunday of Miss Vergie Beck.

Dr. and Mrs. G. M. Fanner, of 1119 East Creighton avenue, Fort Wayne, were callers Sunday with relatives in the country, making the trip in the doctor's auto.

The following officers were elected at the Marion Township Sunday School convention on the 16th, for the ensuing year: President, C. E. Morton; vice president, C. F. Hubler; secretary, Lucius Somers; treasurer, H. H. Roberts; primary superintendent, Mrs. Robert Mercer; home department superintendent, Mrs. Jesse Ake; temperance superintendent, J. W. Fanner.

A real estate deal was closed last Friday evening when Charles Gallmeyer sold his fifty-three acre farm, along the St. Mary's river, to Theodore Melching. The consideration being \$6,100. Mr. Gallmeyer will move to the new German Lutheran colony in Texas next fall.

Al Gerard, of Decatur, canvassed in this territory last Friday, representing Lamson & Lee, hardware merchants of that city.

Mrs. Hoadly, of Fort Wayne, spent last week in Hoagland the guest of her nephew, Dr. and Mrs. E. E. Morris.

Born, to Mr. and Mrs. Will Buuck last Friday evening—a daughter.

Marion Smith is able to get out some after being off duty for two weeks with a sprained ankle.

H. H. Roberts, who was seriously hurt in a runaway accident last Tuesday, is improving as well as could be expected. In the fracture they struck a telegraph pole, pitching a barrel of salt forward on Mr. Roberts, holding him down until help arrived. One of the horses was bruised and injured to quite an extent.

P. H. Snider and daughter, Miss Ethel, and Frank Snider and Merle Valentine, attended the circus at Fort Wayne Saturday night.

Dr. E. E. Morris made a professional call at the Lutheran hospital Sunday morning. Mrs. Chris Buuck, of Hoagland, who was operated on a few days ago, being his patient.

All Who Would Enjoy

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

Consequently, the Company's Syrup of Figs and Elixir of Senna gives general satisfaction. To get its beneficial effects buy the genuine, manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

NOTICE To Our Friends and Patrons

Our business has increased to such an extent that we were not able to handle same with one phone. We now have two phones—No. 2621 and No. 1413. You can buy the best Ice Cream in the city at the following places of business:

Benton, D. L., 1732 West Main.
Beverford, Hugo, F., 1240 W. Main.
Beverford, H. E., 1008 Calhoun.
Brink, J. J., 1130 Wells.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanness. Dr. Pierce's Pleasant Pellets cure it. They never grip. Easy to take as candy.

WANTED

Mortgage Loans on Farm and City Real Estate at 6 per cent interest. No commission.

WANTED

1,000 new savings accounts at 4 per cent interest.

Tri-State Loan and Trust Co.

Paid-up Capital, \$300,000.00 Assets, \$3,626,306.71.
